A 4x4 grid puzzle. A red car is at the top-left. A house is at the bottom-right. A path of black road segments is already drawn, starting from the car and turning right. The path consists of: a horizontal segment from the top-left cell to the top-middle cell; a vertical segment from the top-middle cell to the middle-middle cell; a horizontal segment from the middle-middle cell to the middle-right cell; and a vertical segment from the middle-right cell to the bottom-right cell.

RITAGLIA E COSTRUISCI LA STRADA GIUSTA.

Four dashed boxes containing different road segment options for the puzzle:

- Option 1: A vertical segment on the left and a horizontal segment on the bottom.
- Option 2: A vertical segment on the left and a horizontal segment on the right.
- Option 3: A horizontal segment on the top and a vertical segment on the right.
- Option 4: A vertical segment on the left and a horizontal segment on the top.
