

I NUMERI FINO A 40

Completa la linea dei numeri da 31 a 40.

Scrivi i numeri in cifre o in lettere.

<input type="text" value="....."/> → trentaquattro	<input type="text" value="39"/> → <input type="text" value="....."/>
<input type="text" value="37"/> → <input type="text" value="....."/>	<input type="text" value="....."/> → quaranta
<input type="text" value="31"/> → <input type="text" value="....."/>	<input type="text" value="33"/> → <input type="text" value="....."/>
<input type="text" value="....."/> → trentotto	<input type="text" value="....."/> → trentasei

Scrivi il precedente e il successivo di ogni numero.

<input type="text" value="....."/> ← 32 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 35 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 30 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 38 → <input type="text" value="....."/>
<input type="text" value="....."/> ← 18 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 31 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 27 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 39 → <input type="text" value="....."/>
<input type="text" value="....."/> ← 36 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 20 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 33 → <input type="text" value="....."/>	<input type="text" value="....."/> ← 37 → <input type="text" value="....."/>

I NUMERI FINO A 40

■ Rappresenta su ogni abaco le quantità indicate.

da	u	da	u	da	u	da	u	da	u
3	3	3	7	2	8	4	0	3	9

▲ Conta e scrivi quanti centesimi di euro ci sono in ogni riquadro.

I NUMERI FINO A 40

Completa con $>$ (maggiore), $<$ (minore) o $=$ (uguale).

$34 \dots\dots 30$

$23 \dots\dots 31$

$35 \dots\dots 35$

$40 \dots\dots 30$

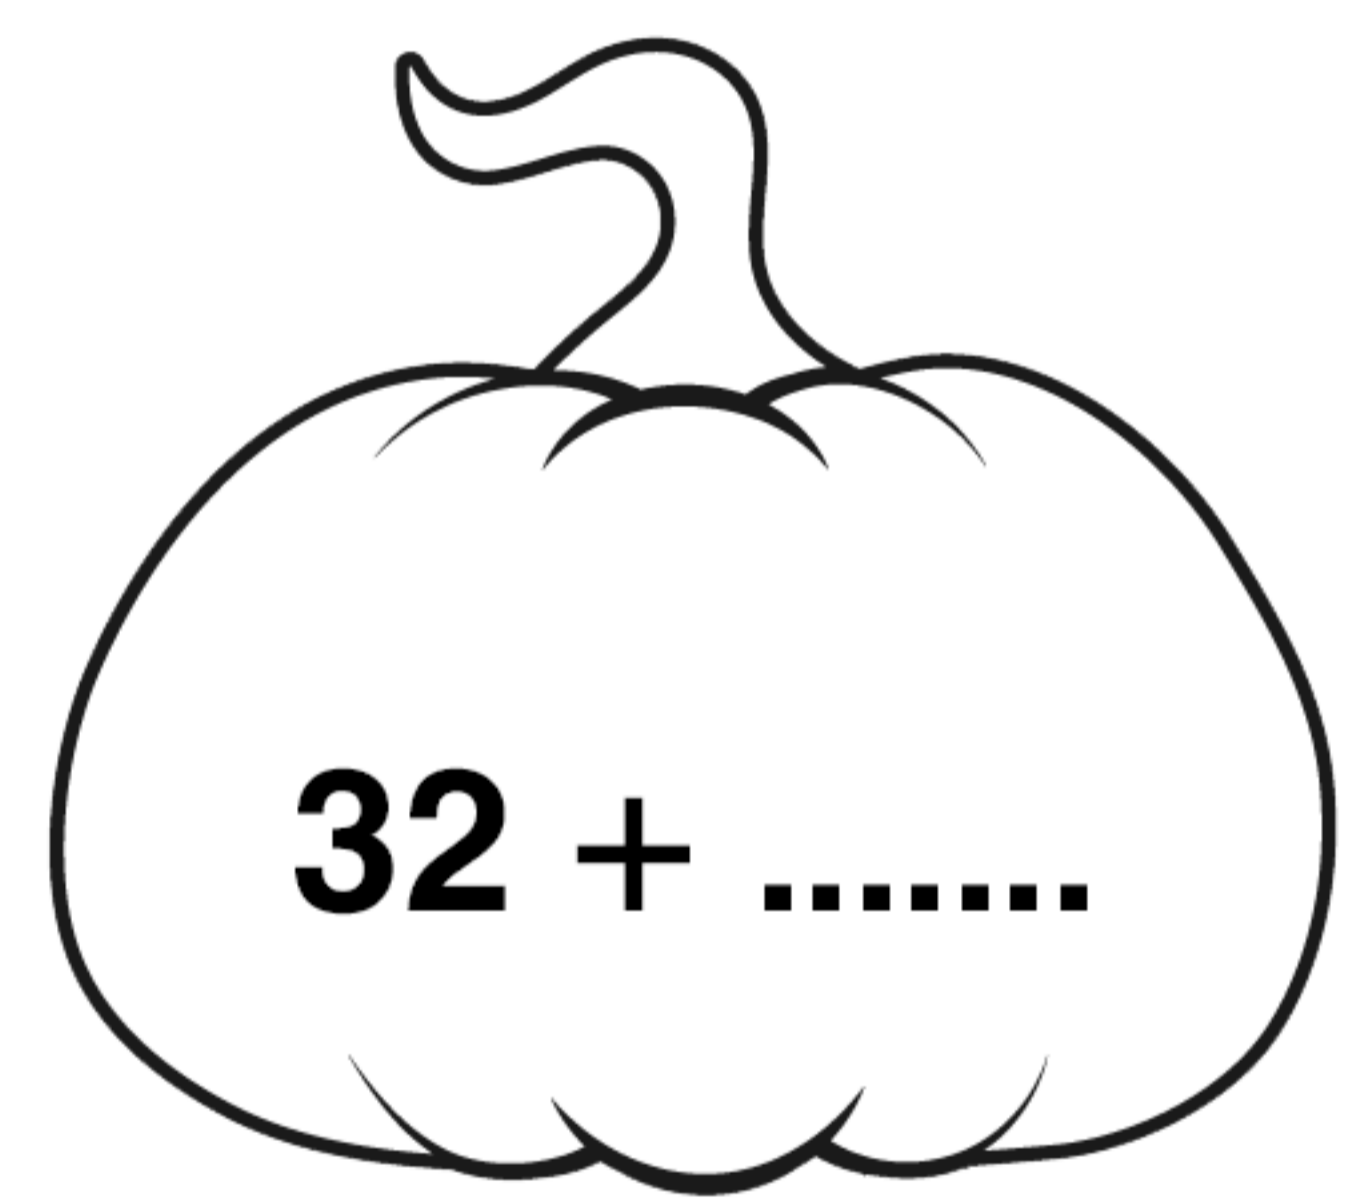

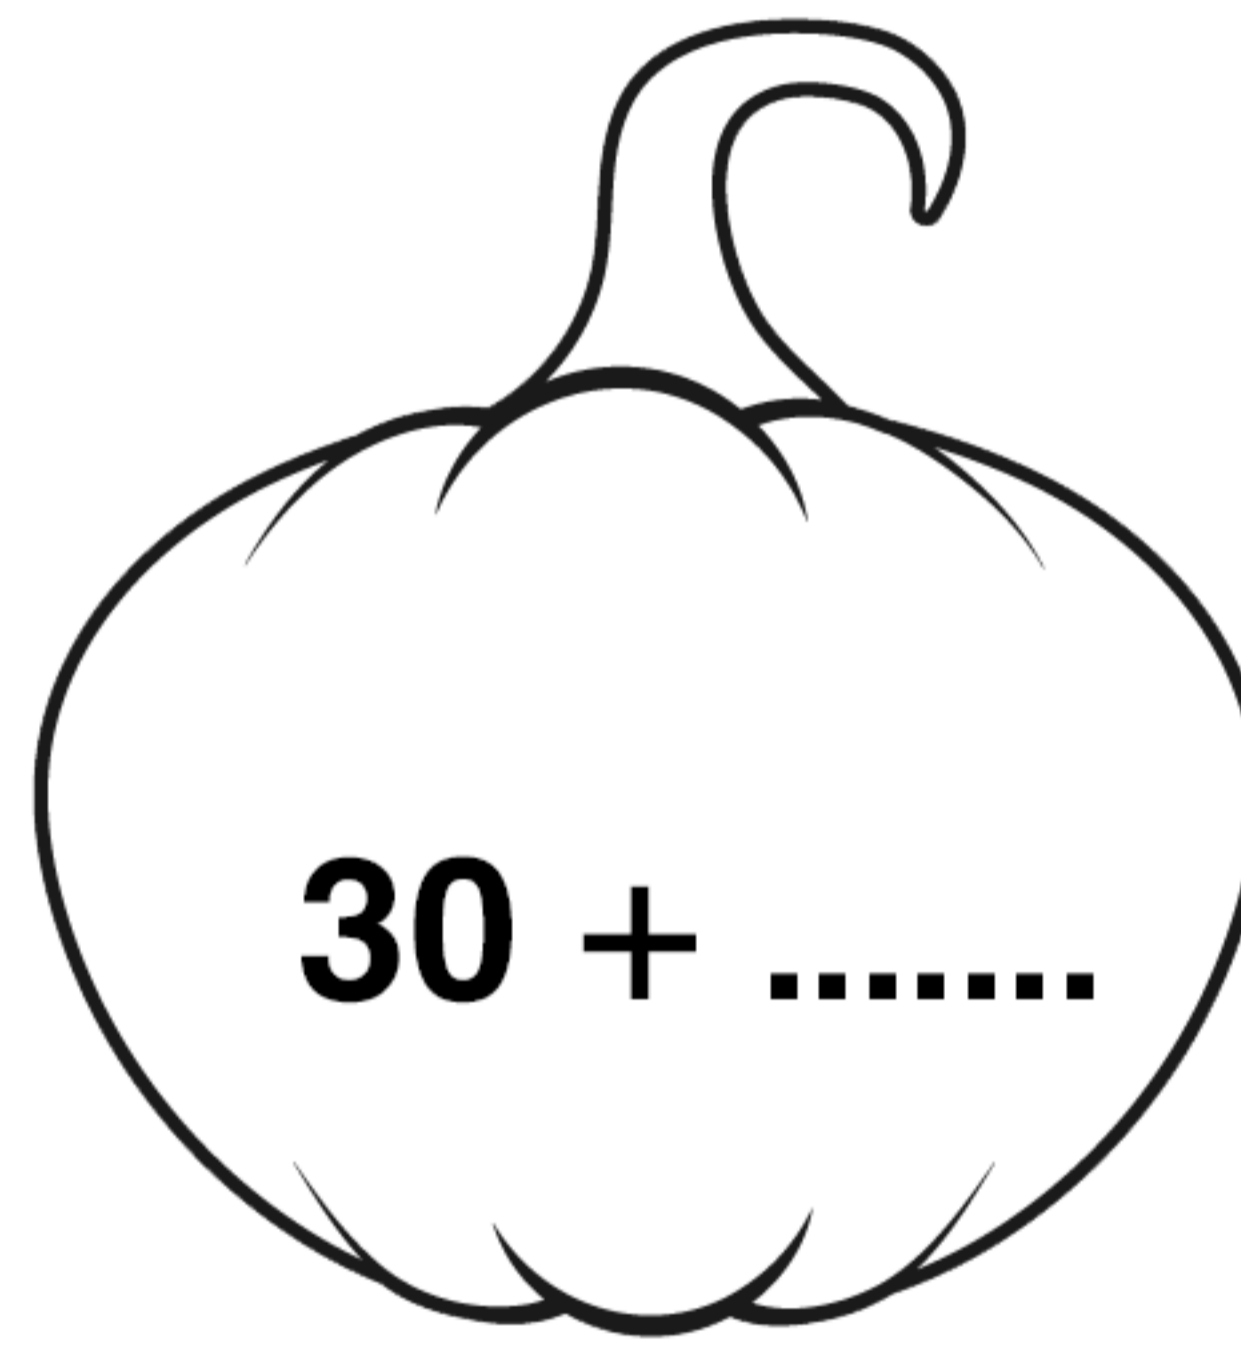

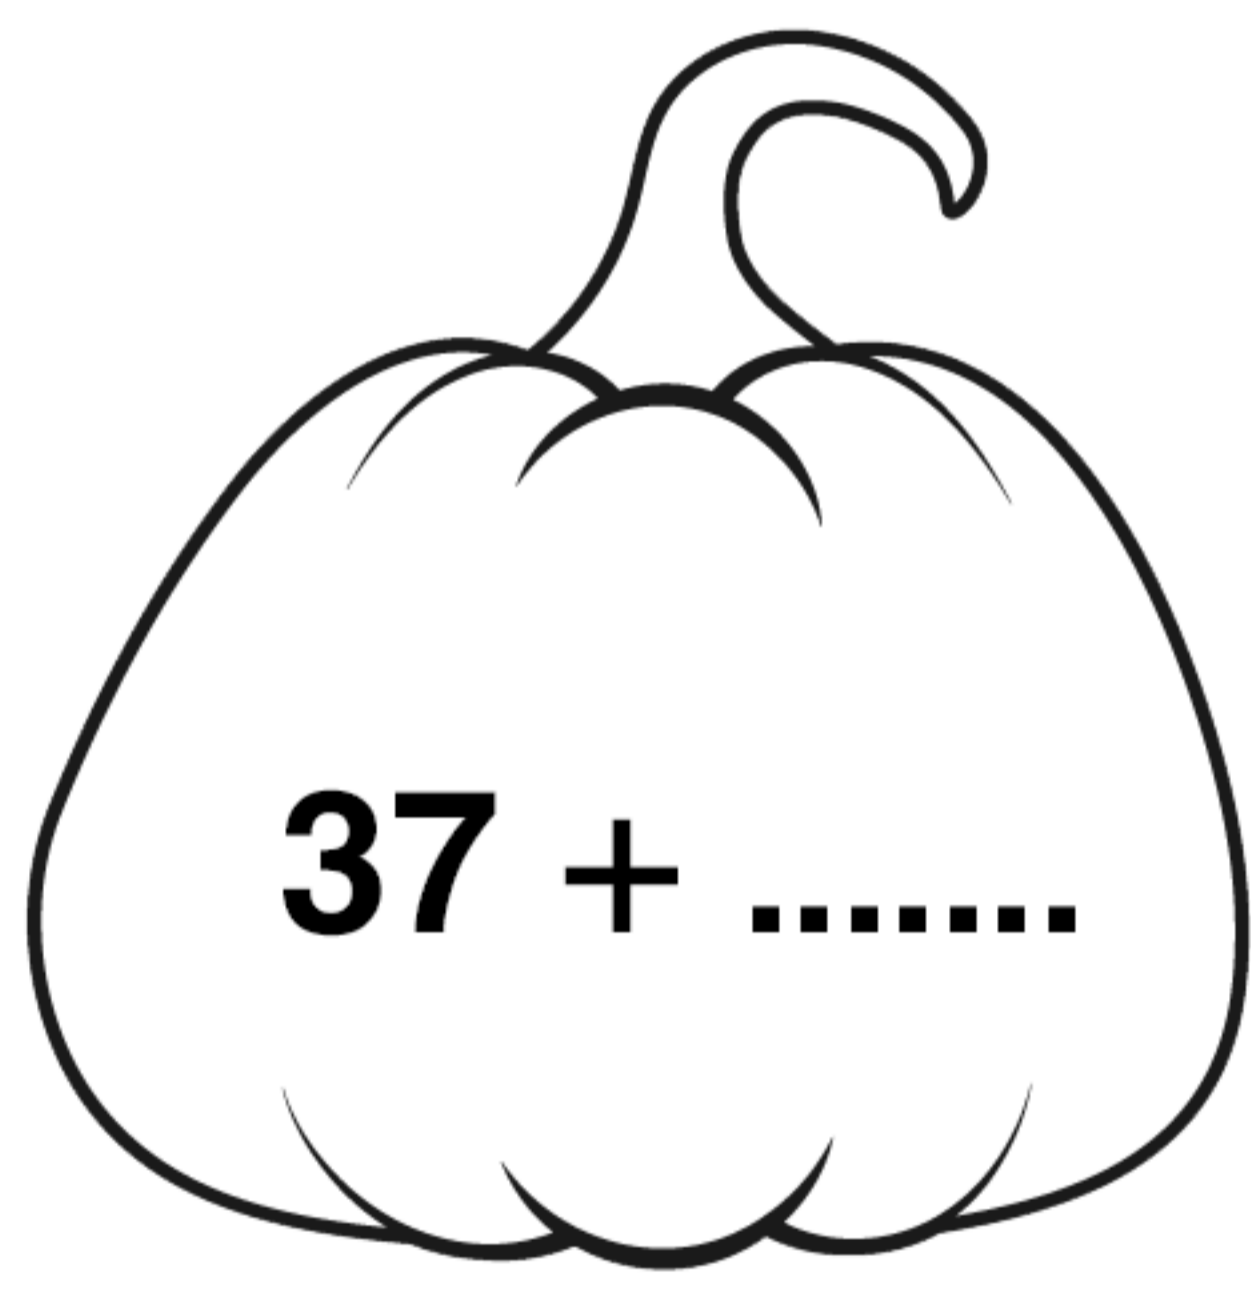

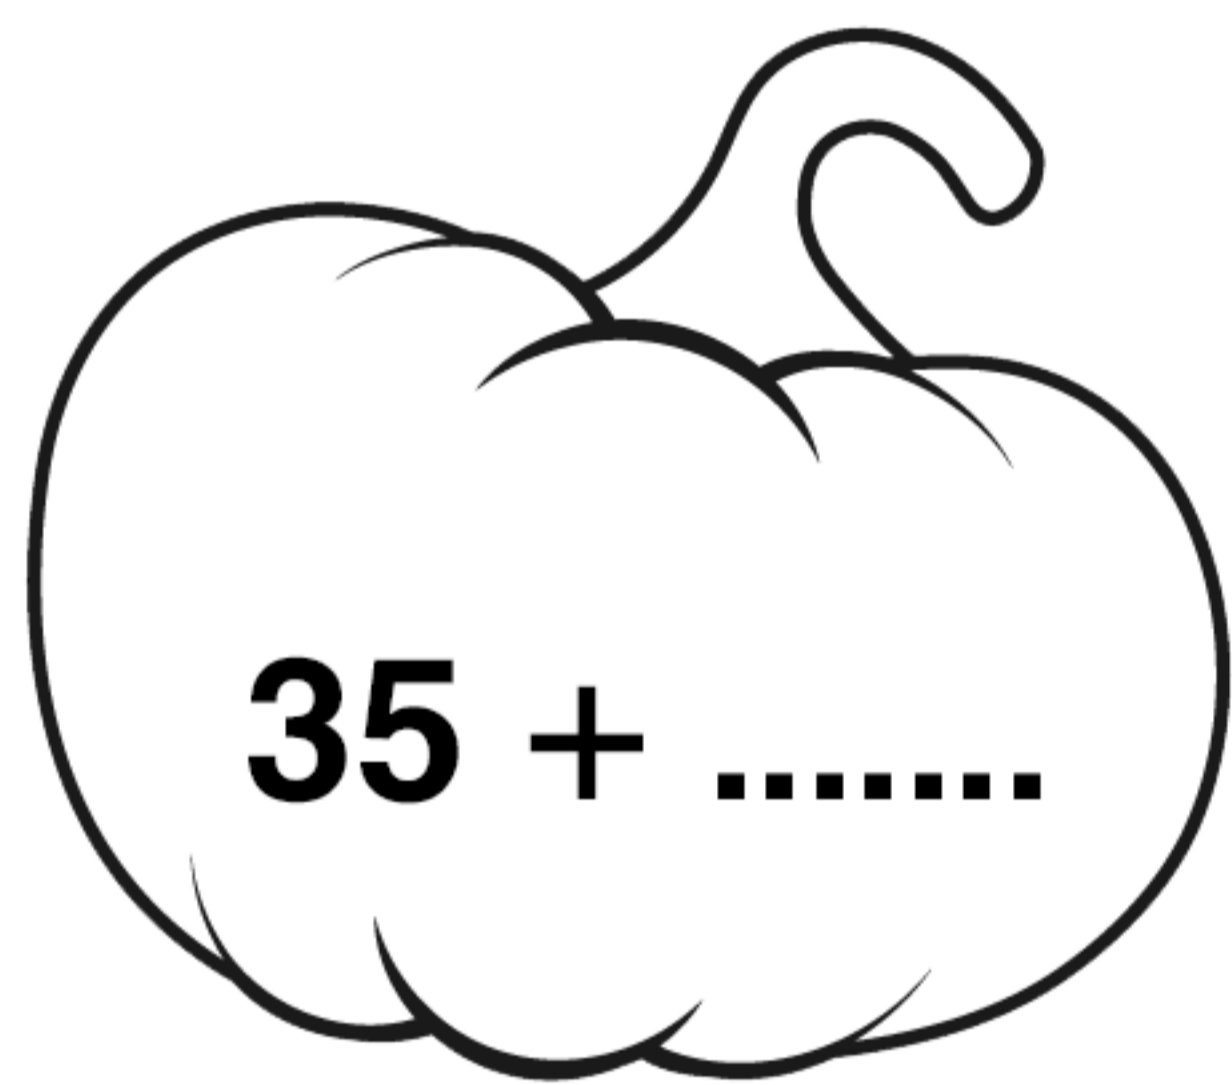

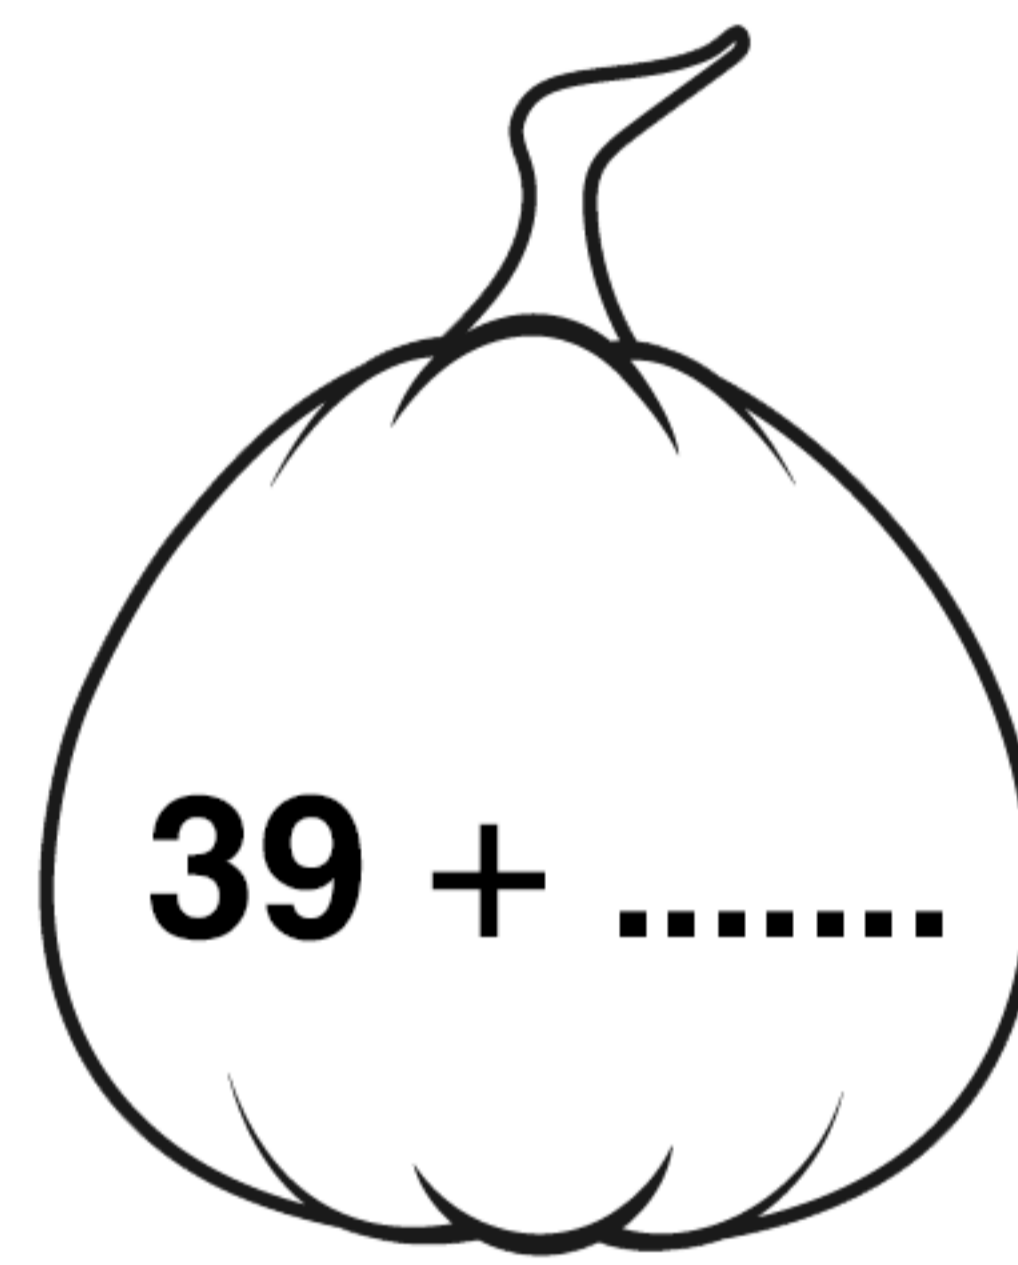

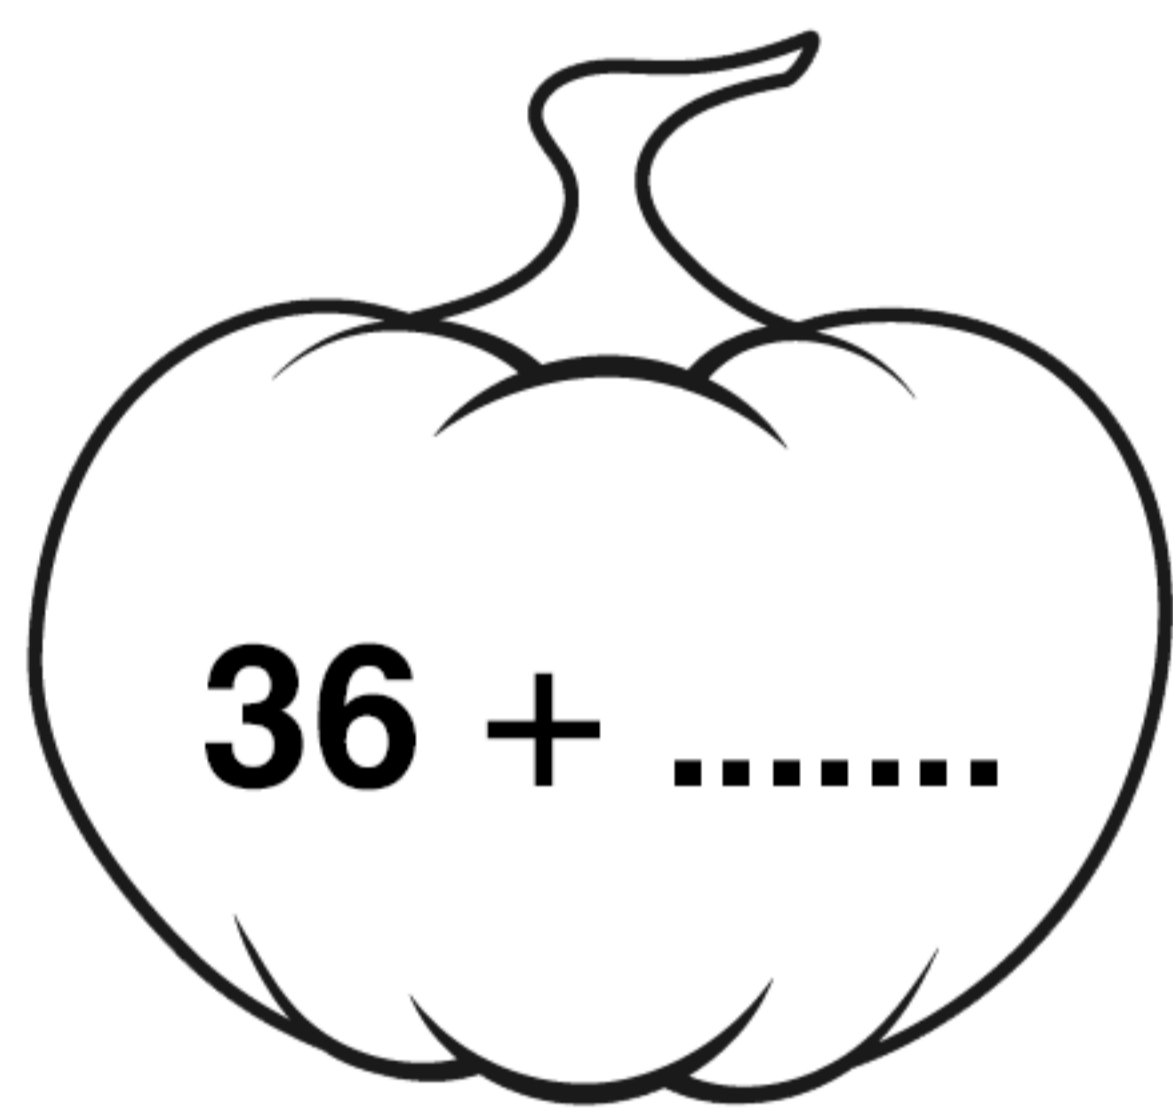

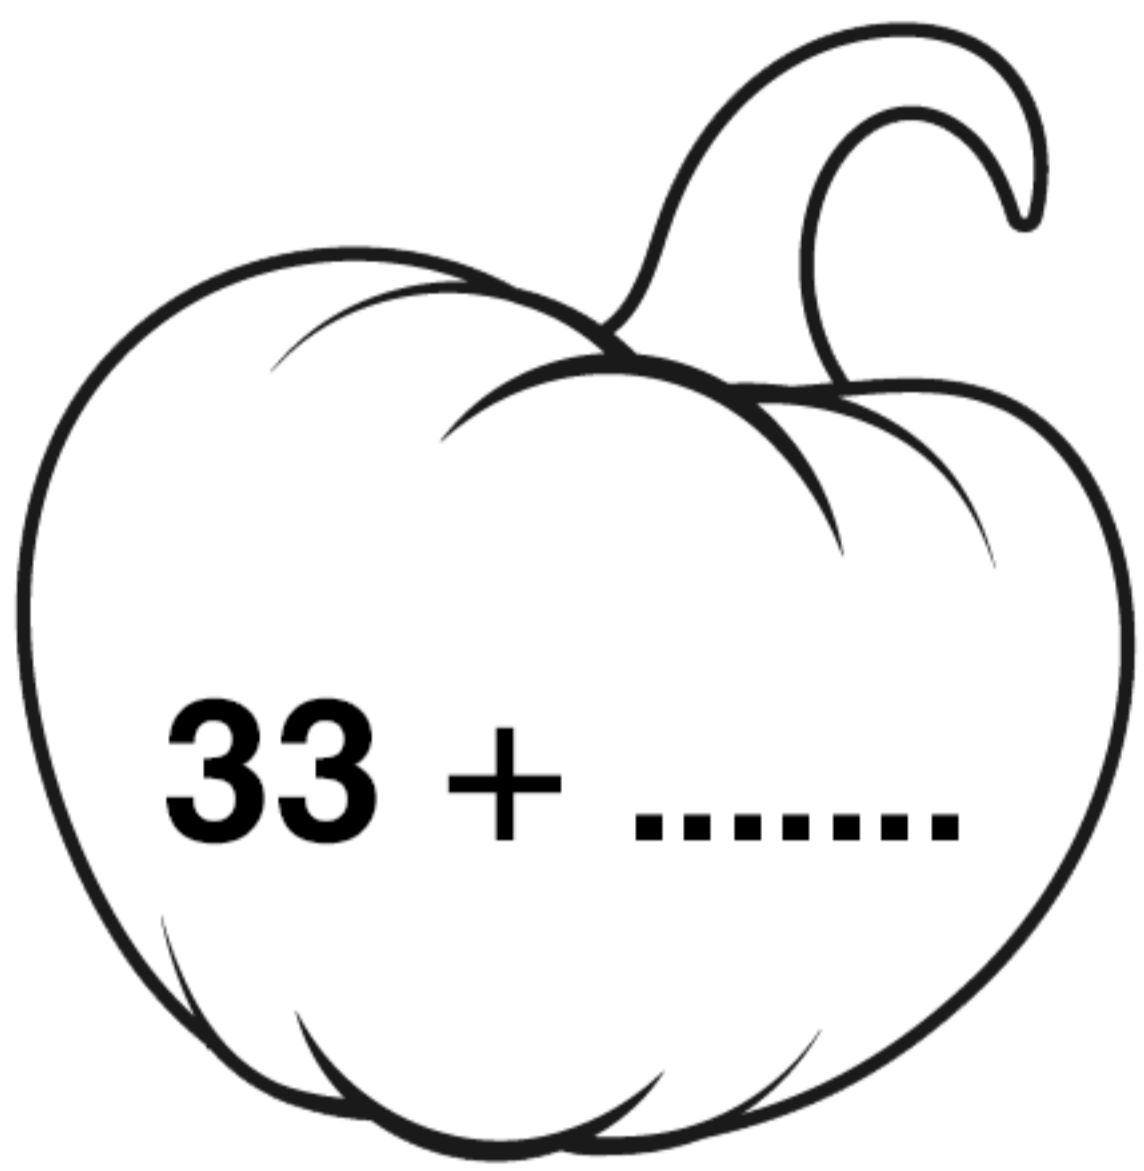

$33 \dots\dots 38$

$31 \dots\dots 29$

$37 \dots\dots 39$

$36 \dots\dots 35$

Scrivi il numero che manca per arrivare a **40**.

Scomponi i numeri come nell'esempio.

$35 = 3 \text{ da} \text{ e } 5 \text{ u} = 30 + 5$

$31 = \dots\dots = \dots\dots$

$26 = \dots\dots = \dots\dots$

$30 = \dots\dots = \dots\dots$

$39 = \dots\dots = \dots\dots$

$40 = \dots\dots = \dots\dots$

$37 = \dots\dots = \dots\dots$

$34 = \dots\dots = \dots\dots$
