A cartoon rabbit is shown behind a square box containing the number 8. To the right, a minus sign is followed by a cartoon mouse behind a square box containing the number 5. To the right of that is an equals sign, followed by an empty square box. This represents the equation $8 - 5 = \square$.

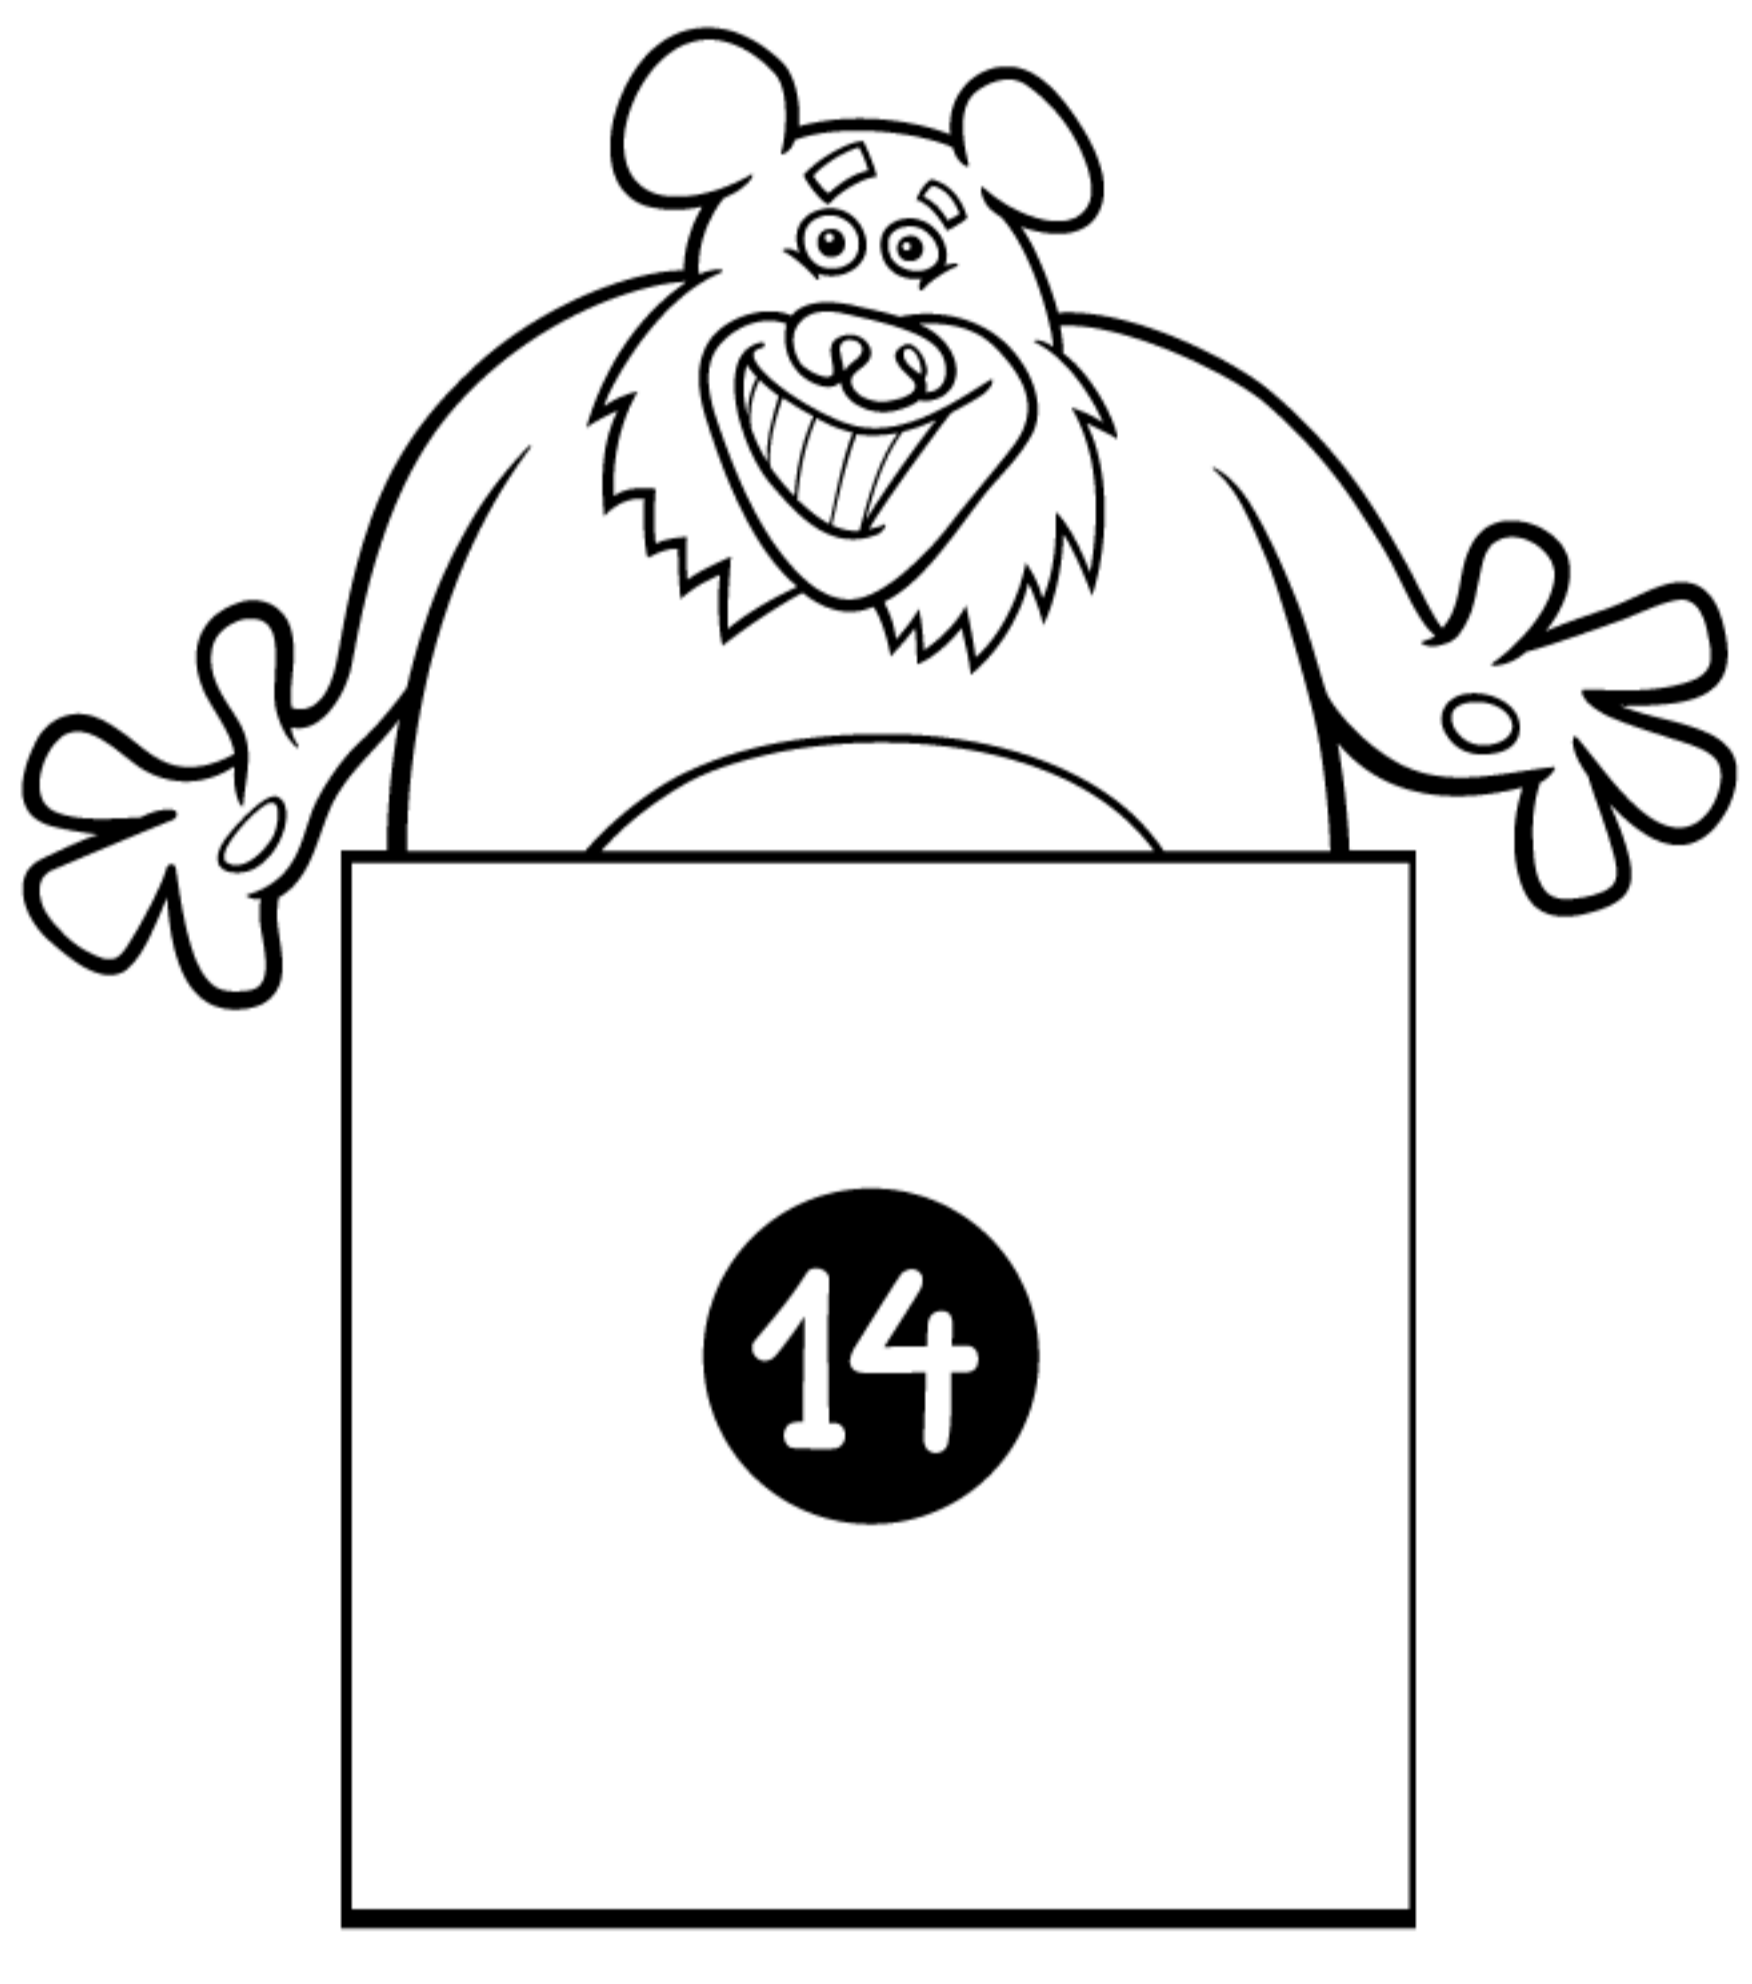

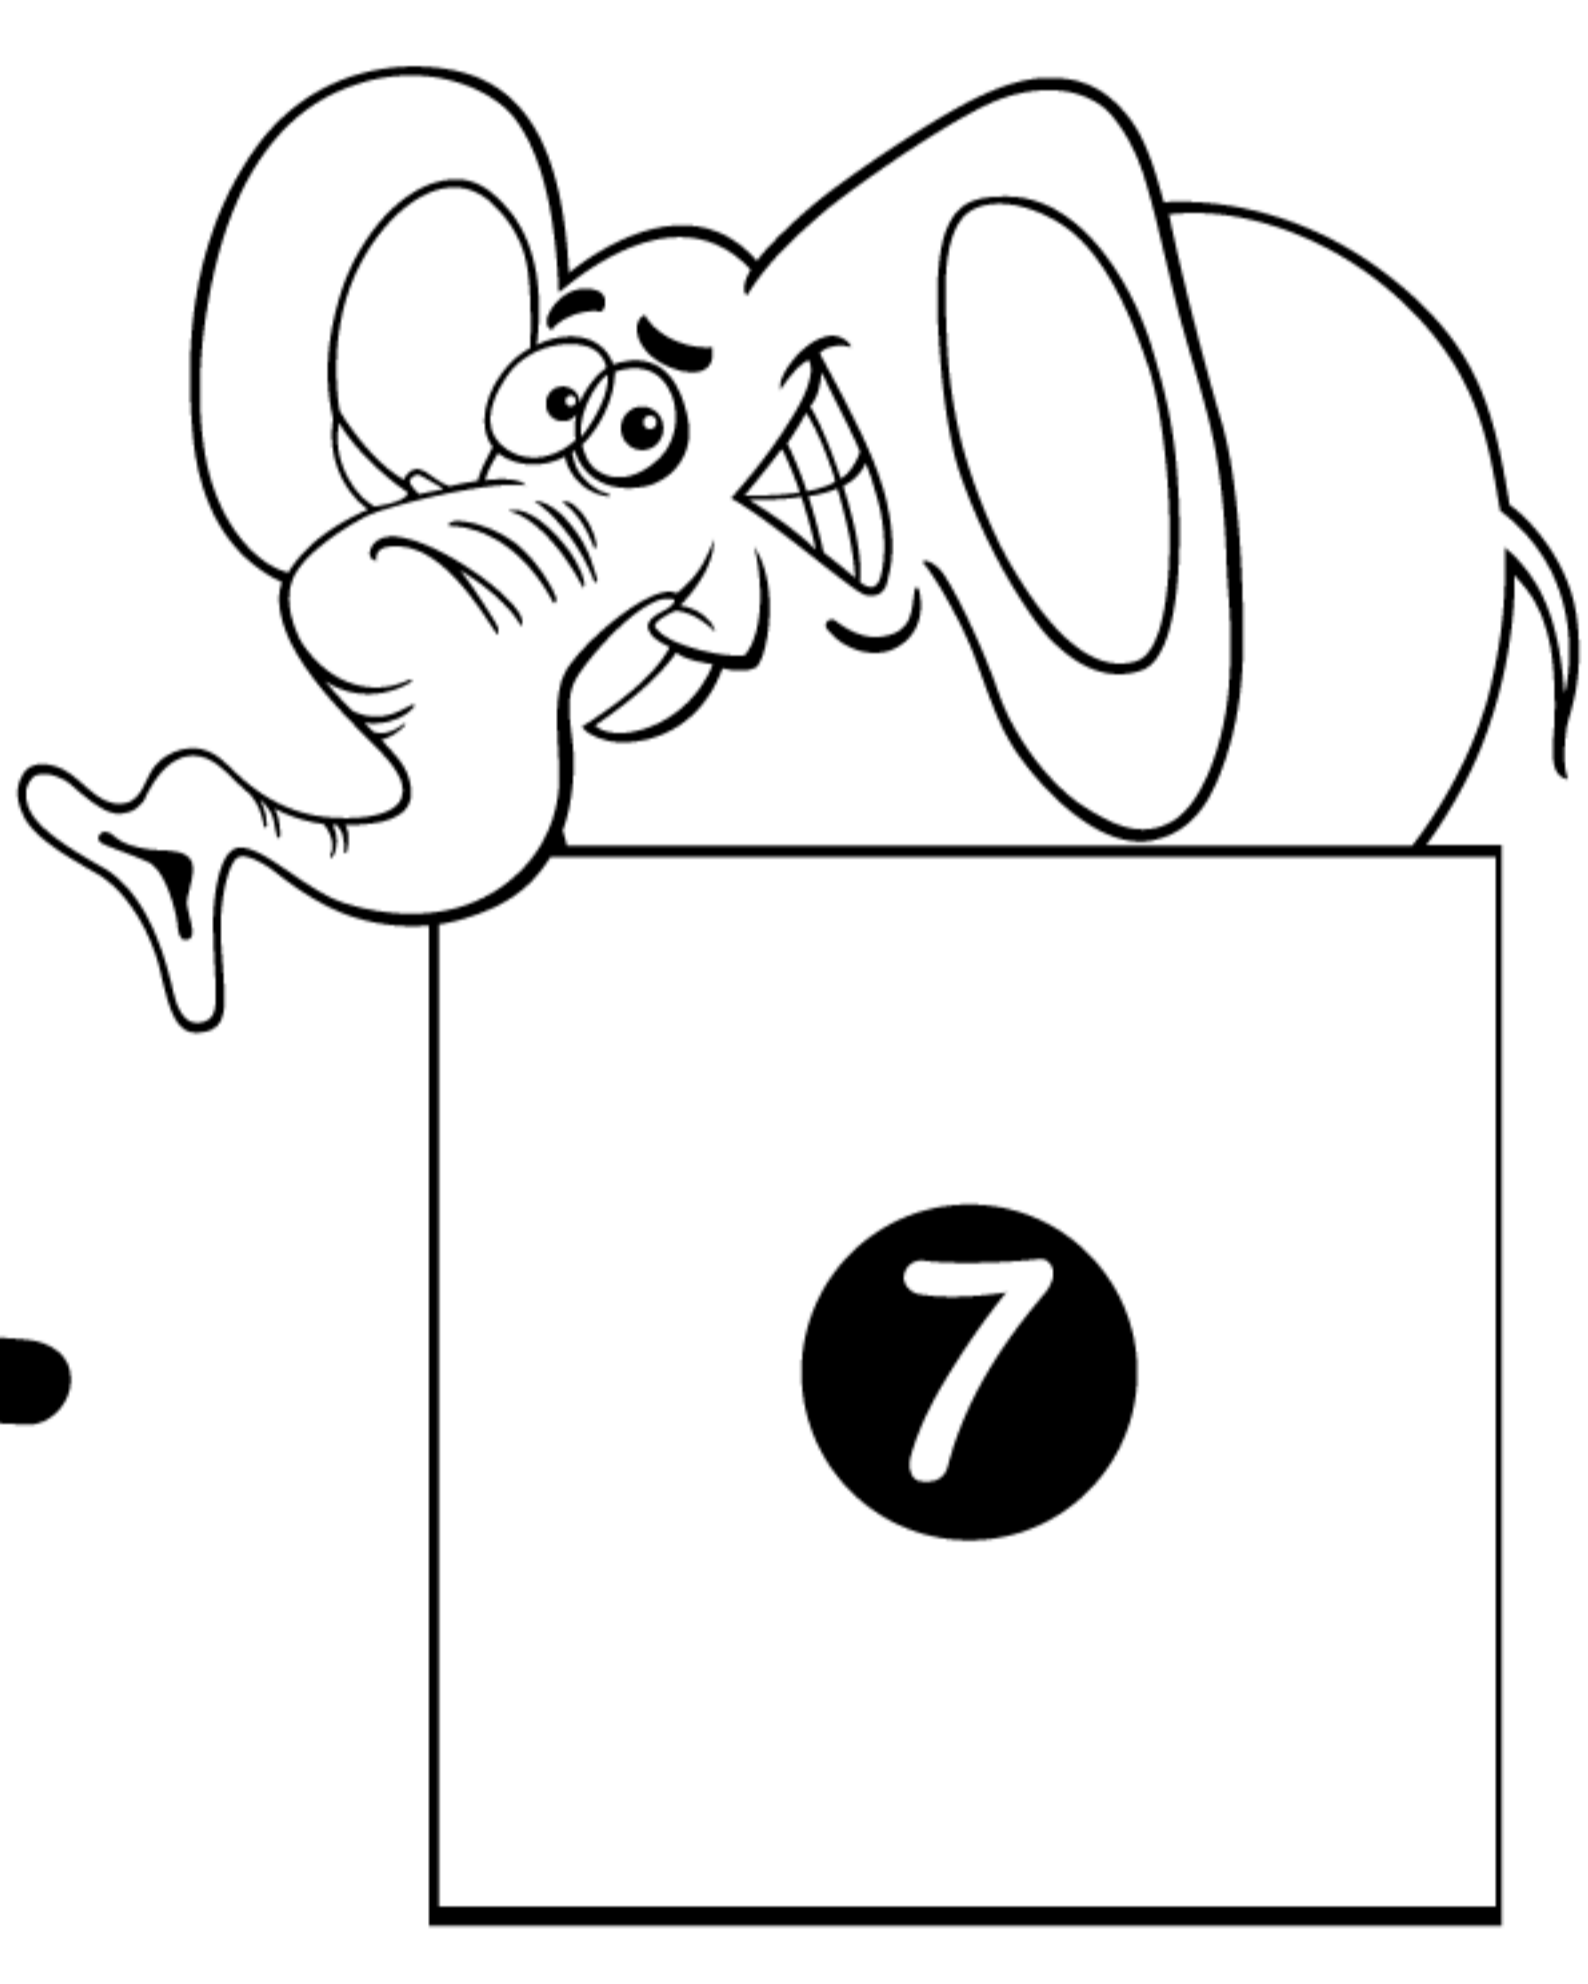

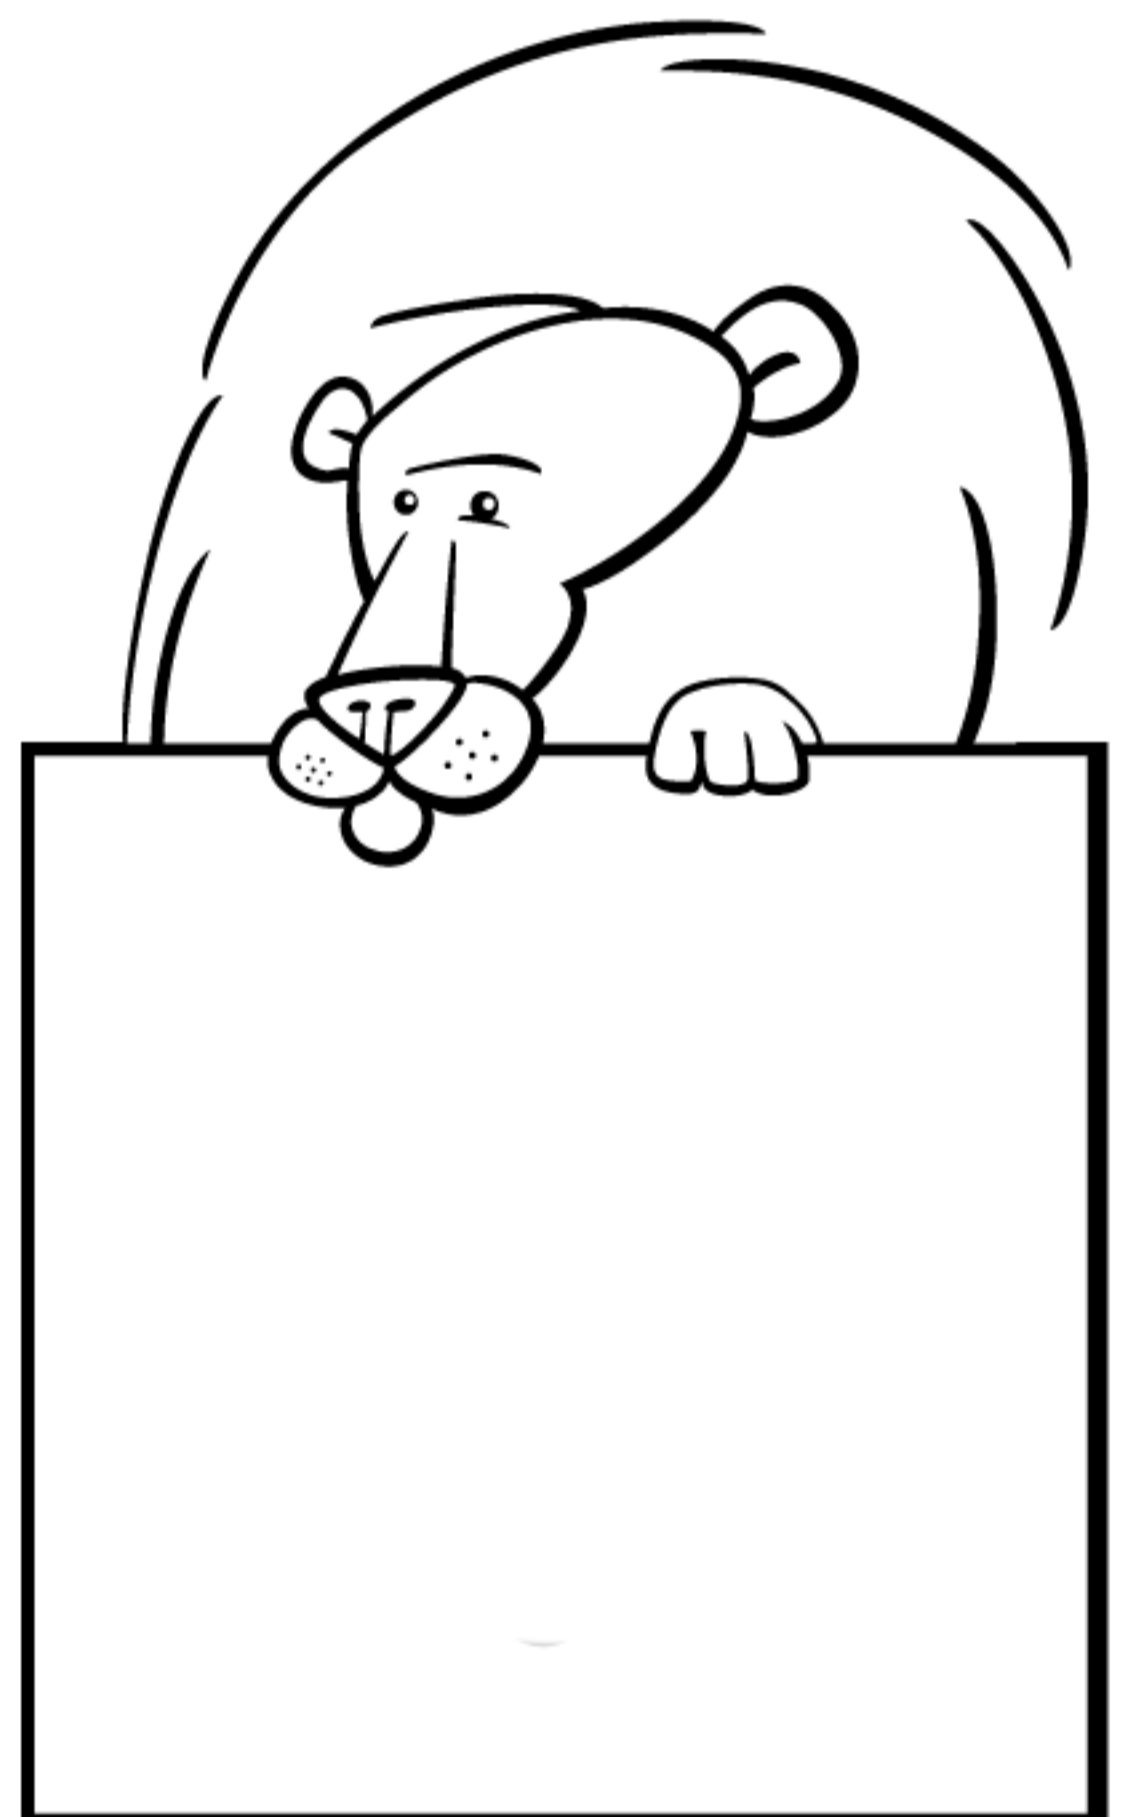

A cartoon hippopotamus is shown behind a square box containing the number 20. To the right, a minus sign is followed by a cartoon bear behind a square box containing the number 10. To the right of that is an equals sign, followed by an empty square box. This represents the equation $20 - 10 = \square$.

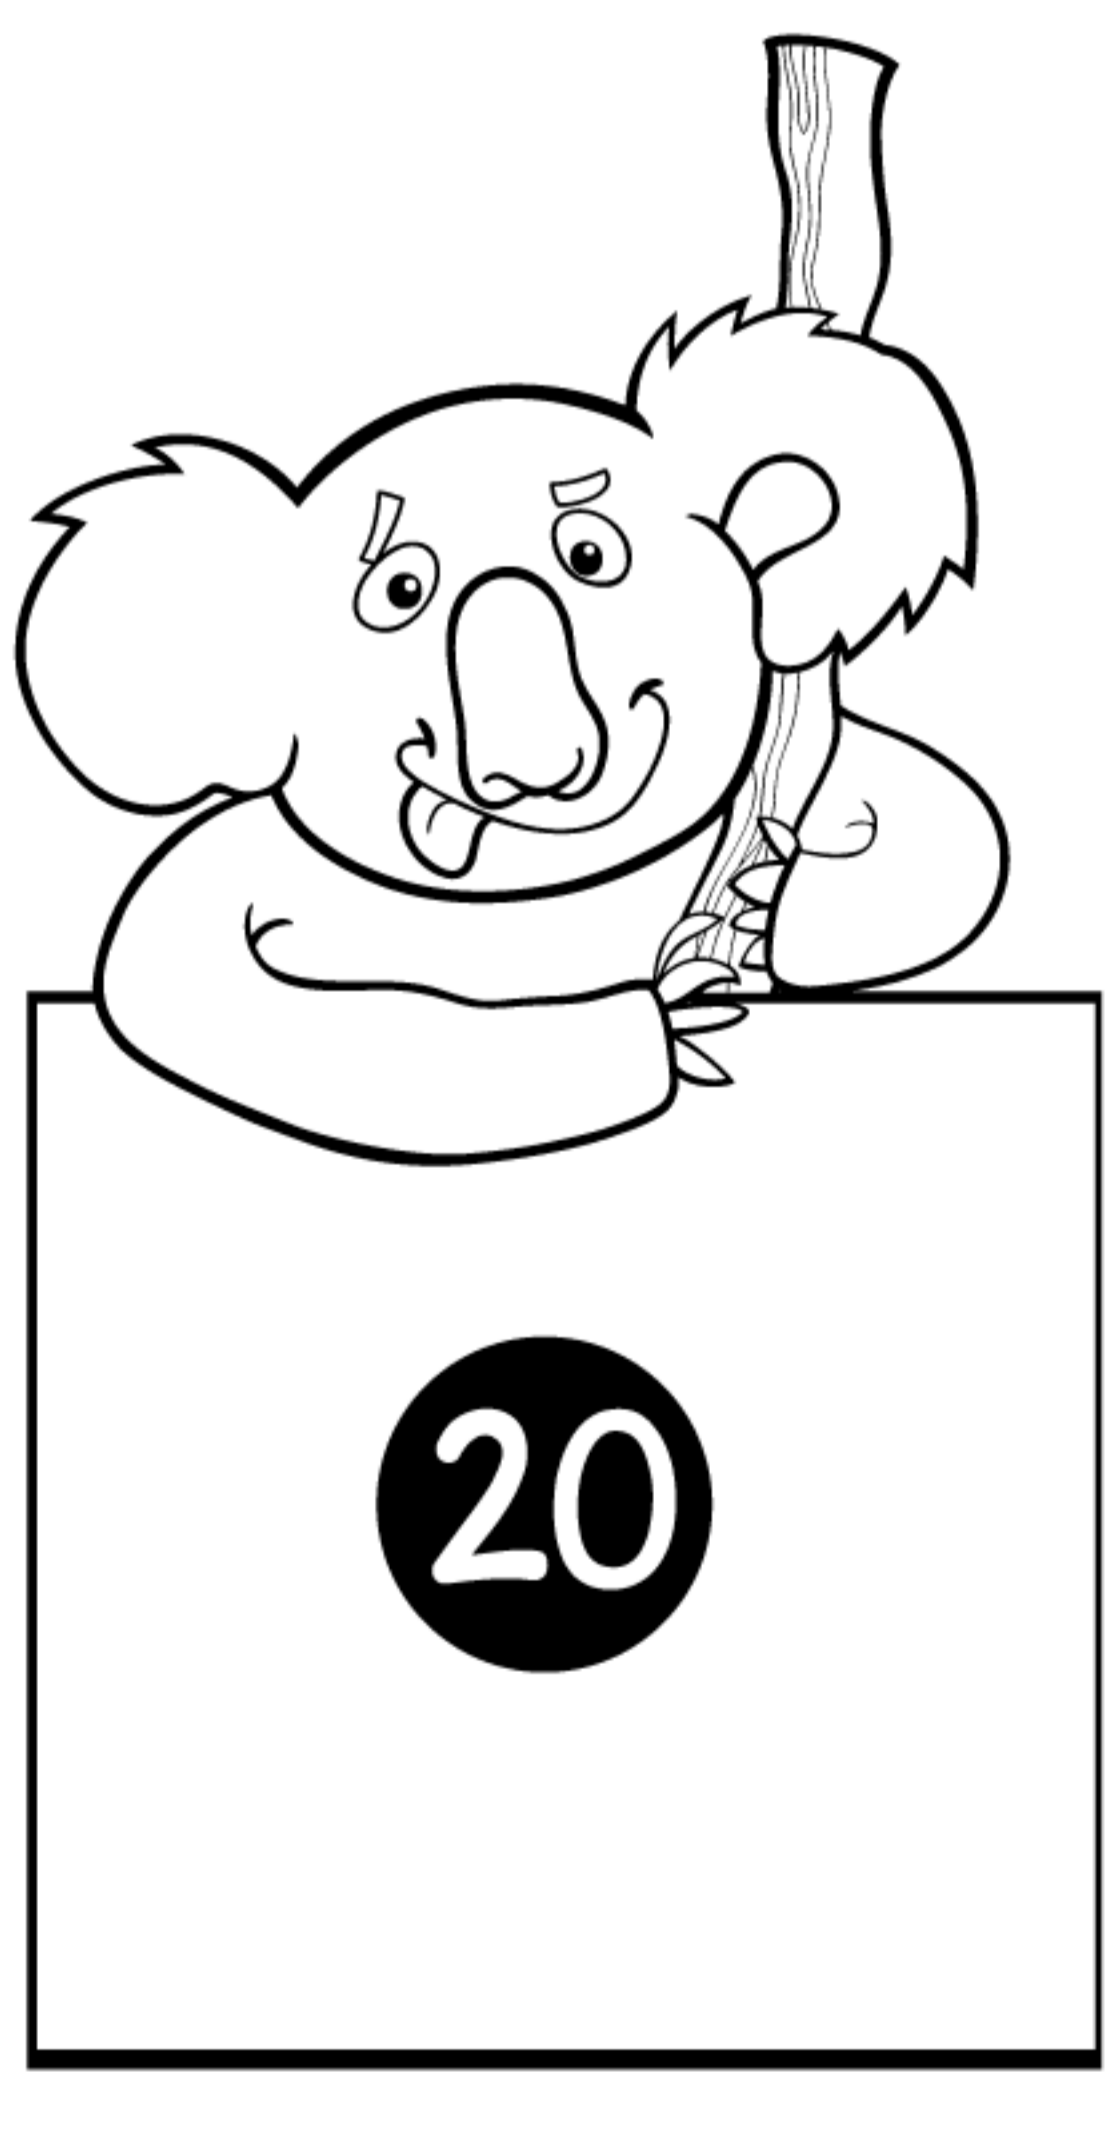

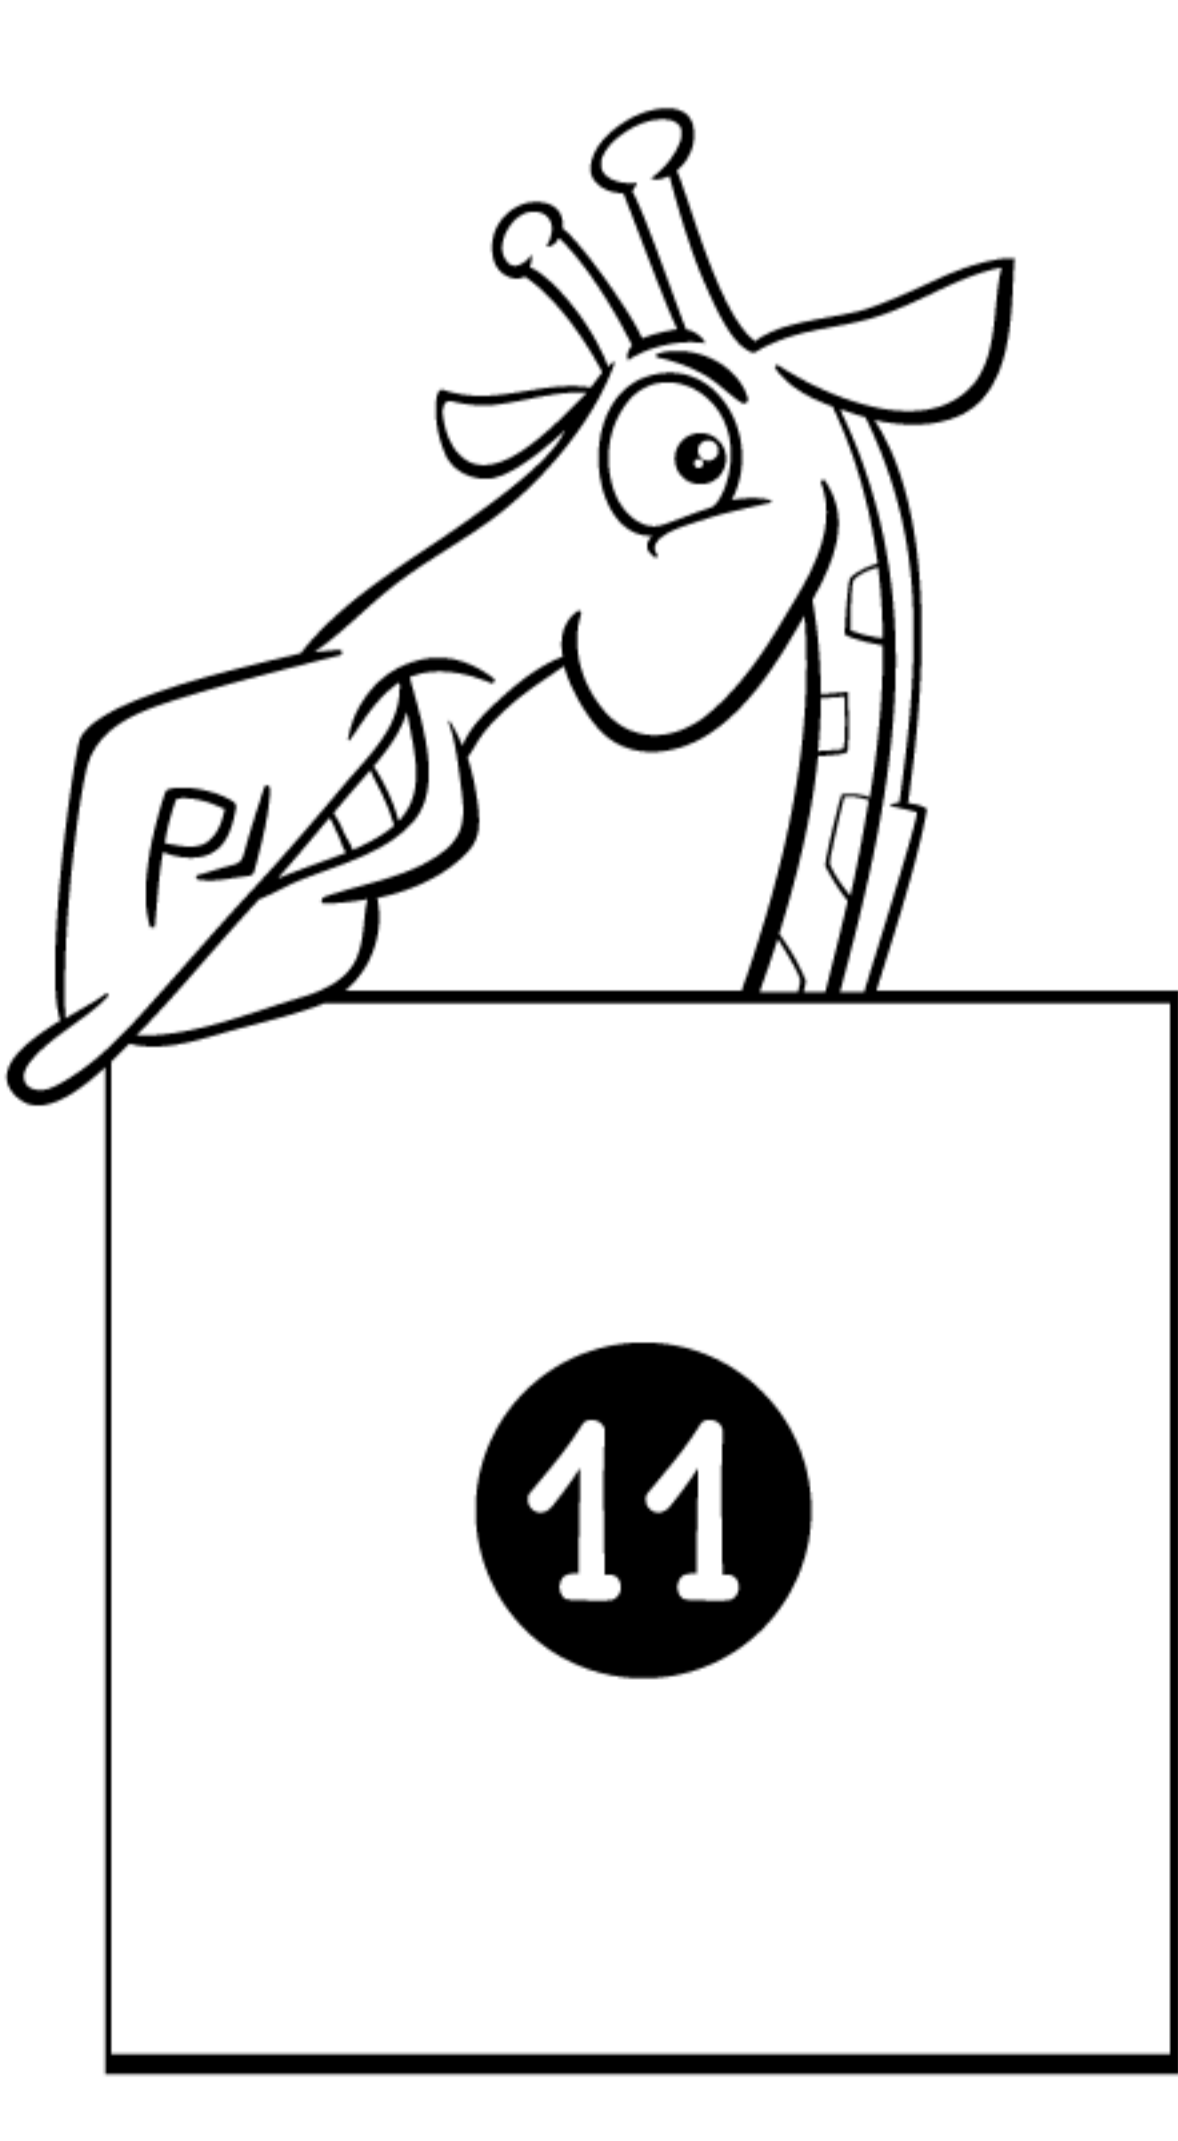

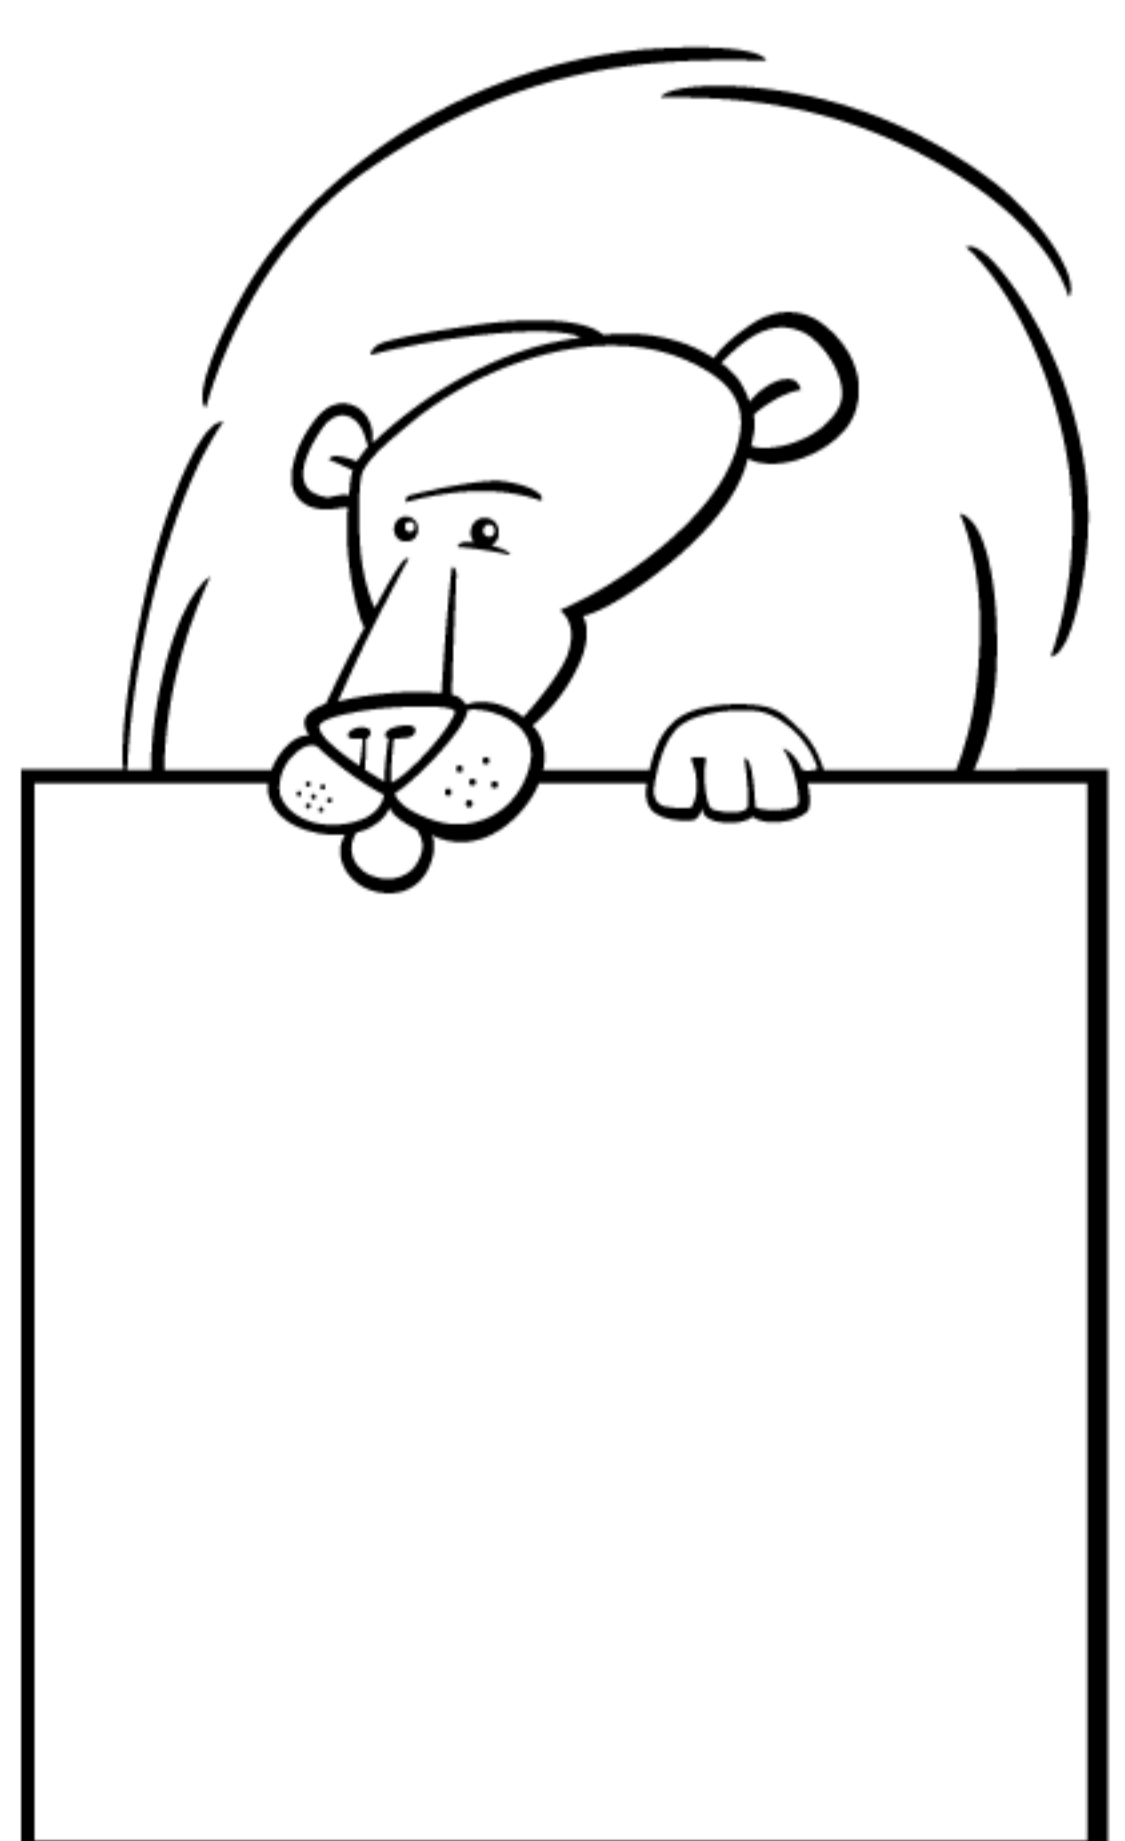

A cartoon donkey is shown behind a square box containing the number 16. To the right, a minus sign is followed by a cartoon parrot behind a square box containing the number 9. To the right of that is an equals sign, followed by an empty square box. This represents the equation $16 - 9 = \square$.
