

# LA CLASSIFICAZIONE DELLE FOGLIE

Le foglie hanno forma diversa. Scrivi sotto ogni foglia il tipo di forma:

ovale • cuoriforme • aghiforme • lanceolata • palmata • sagittata

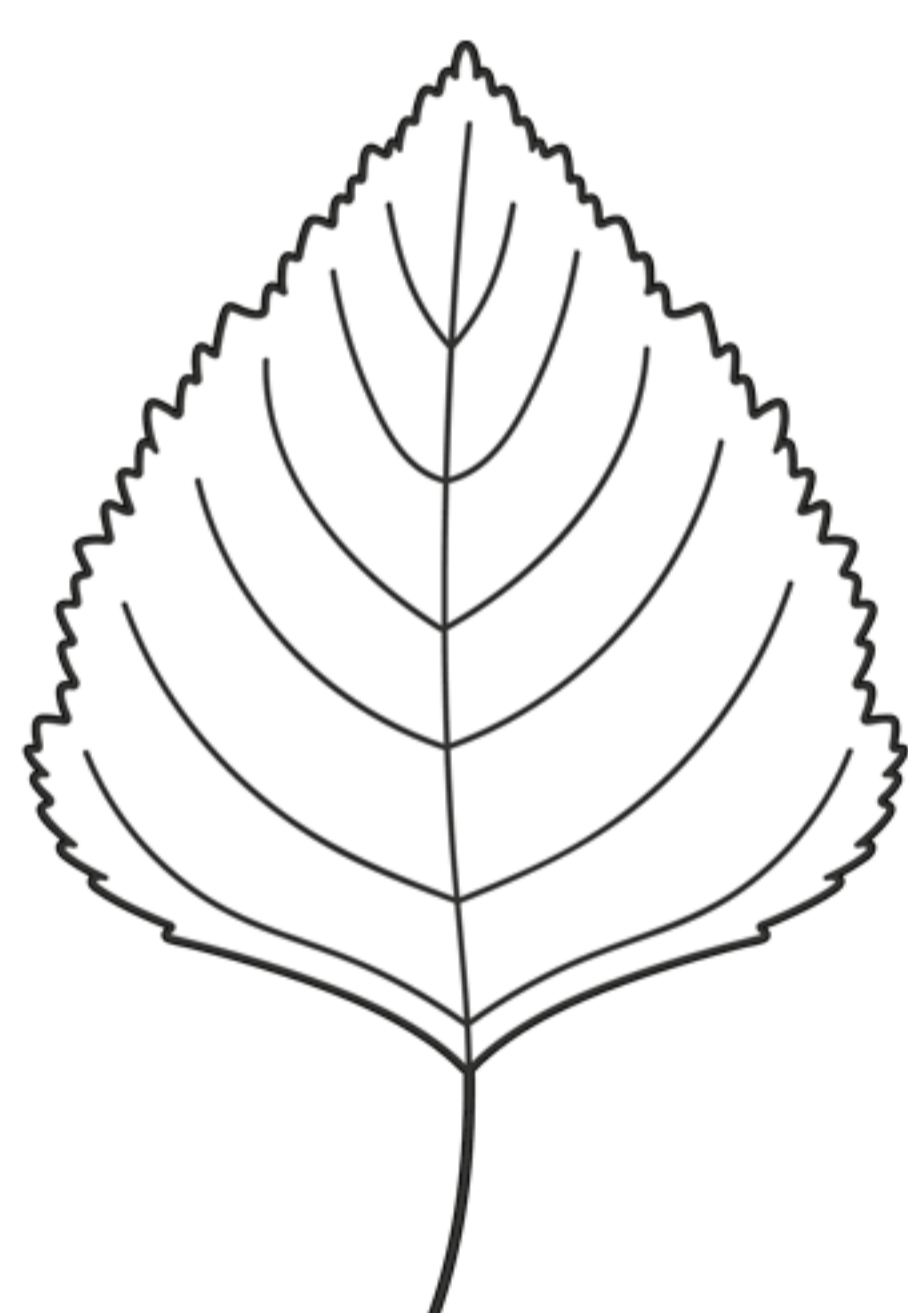

.....

.....

.....

.....

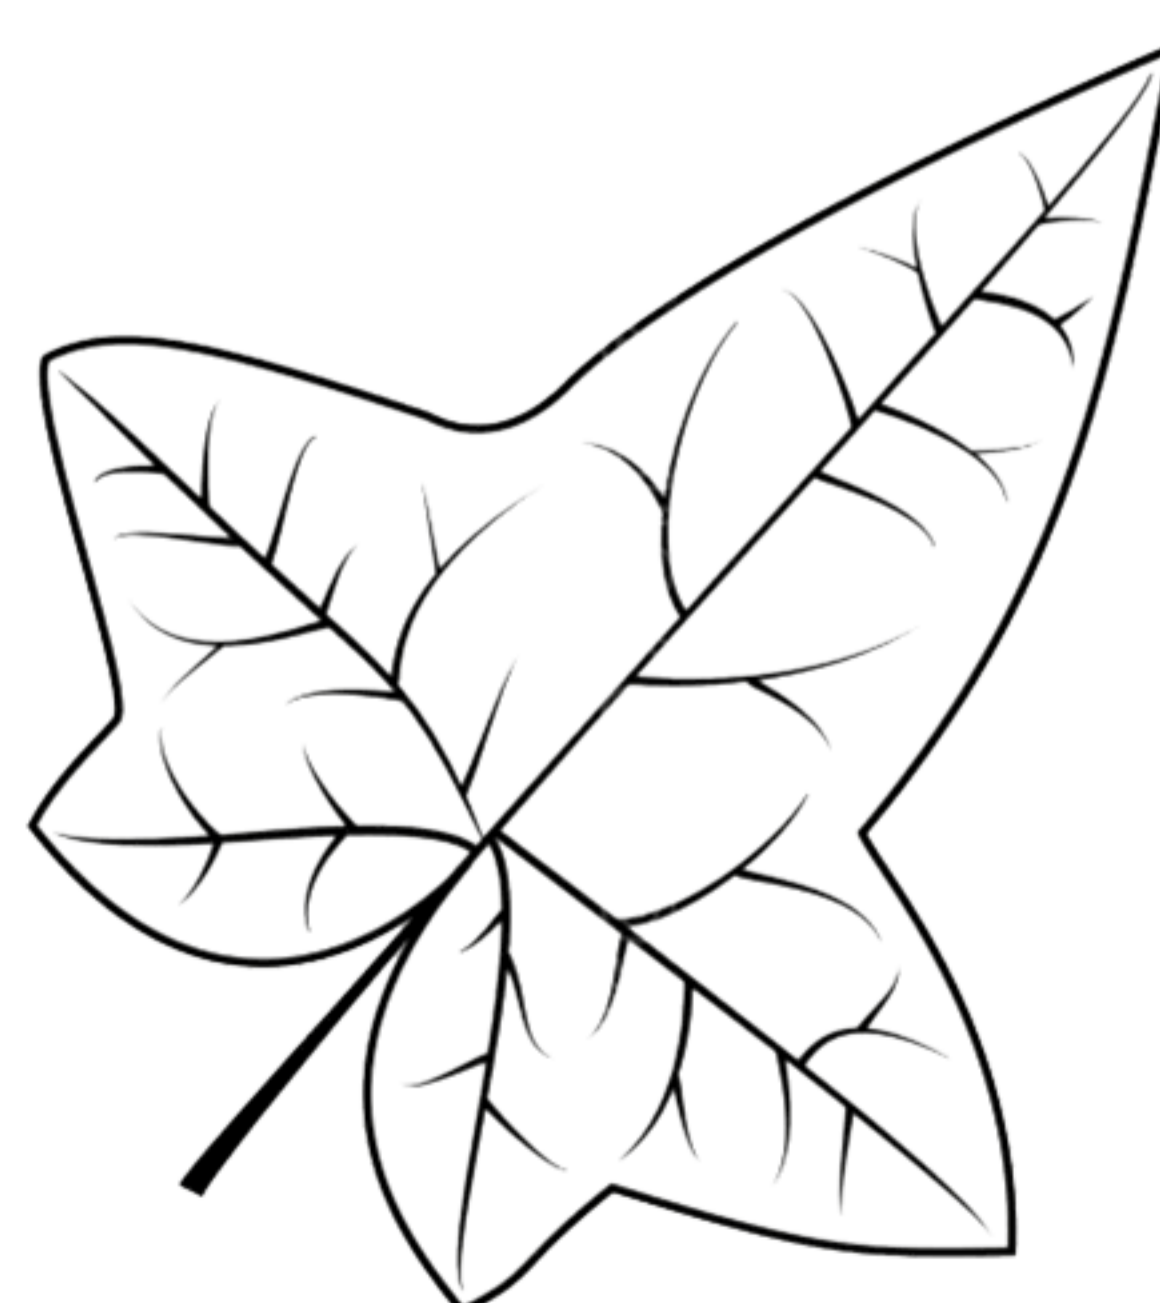

.....

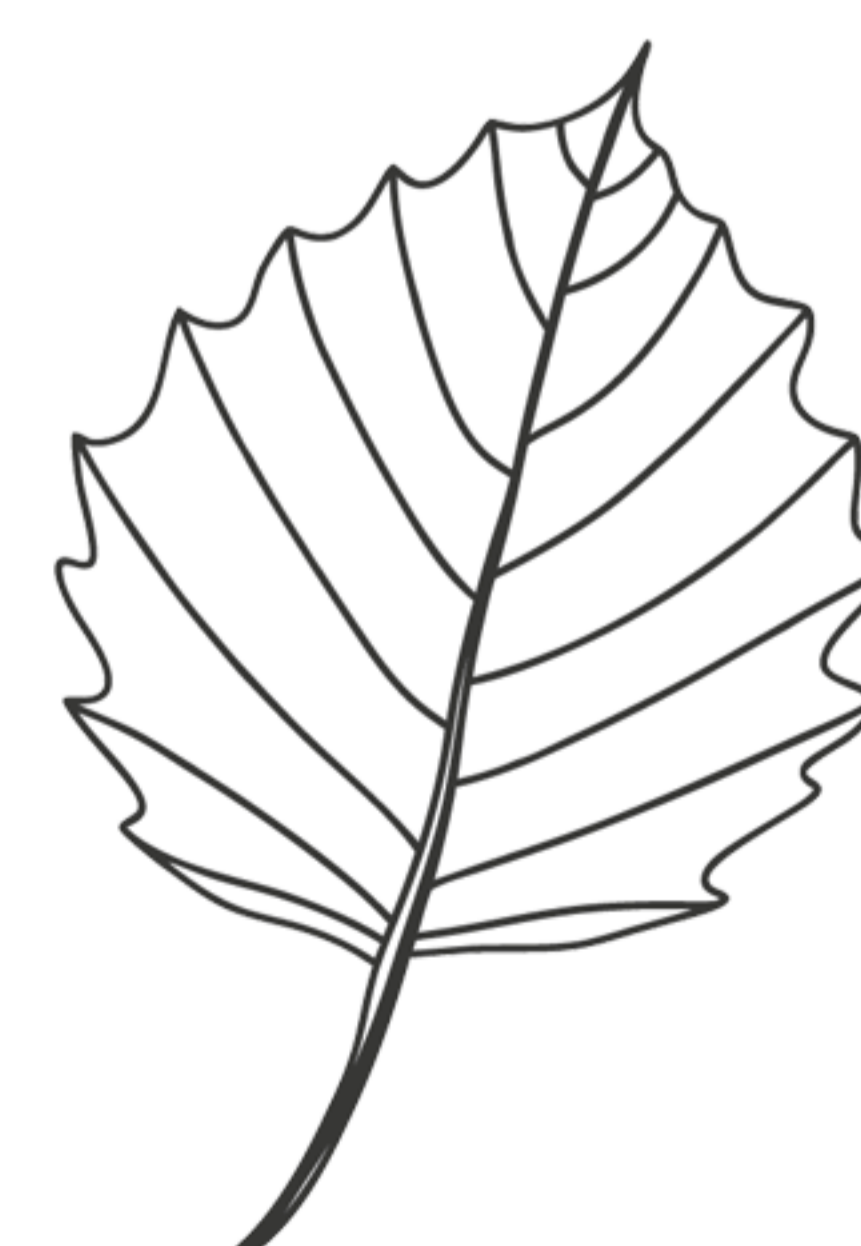

.....

.....

.....

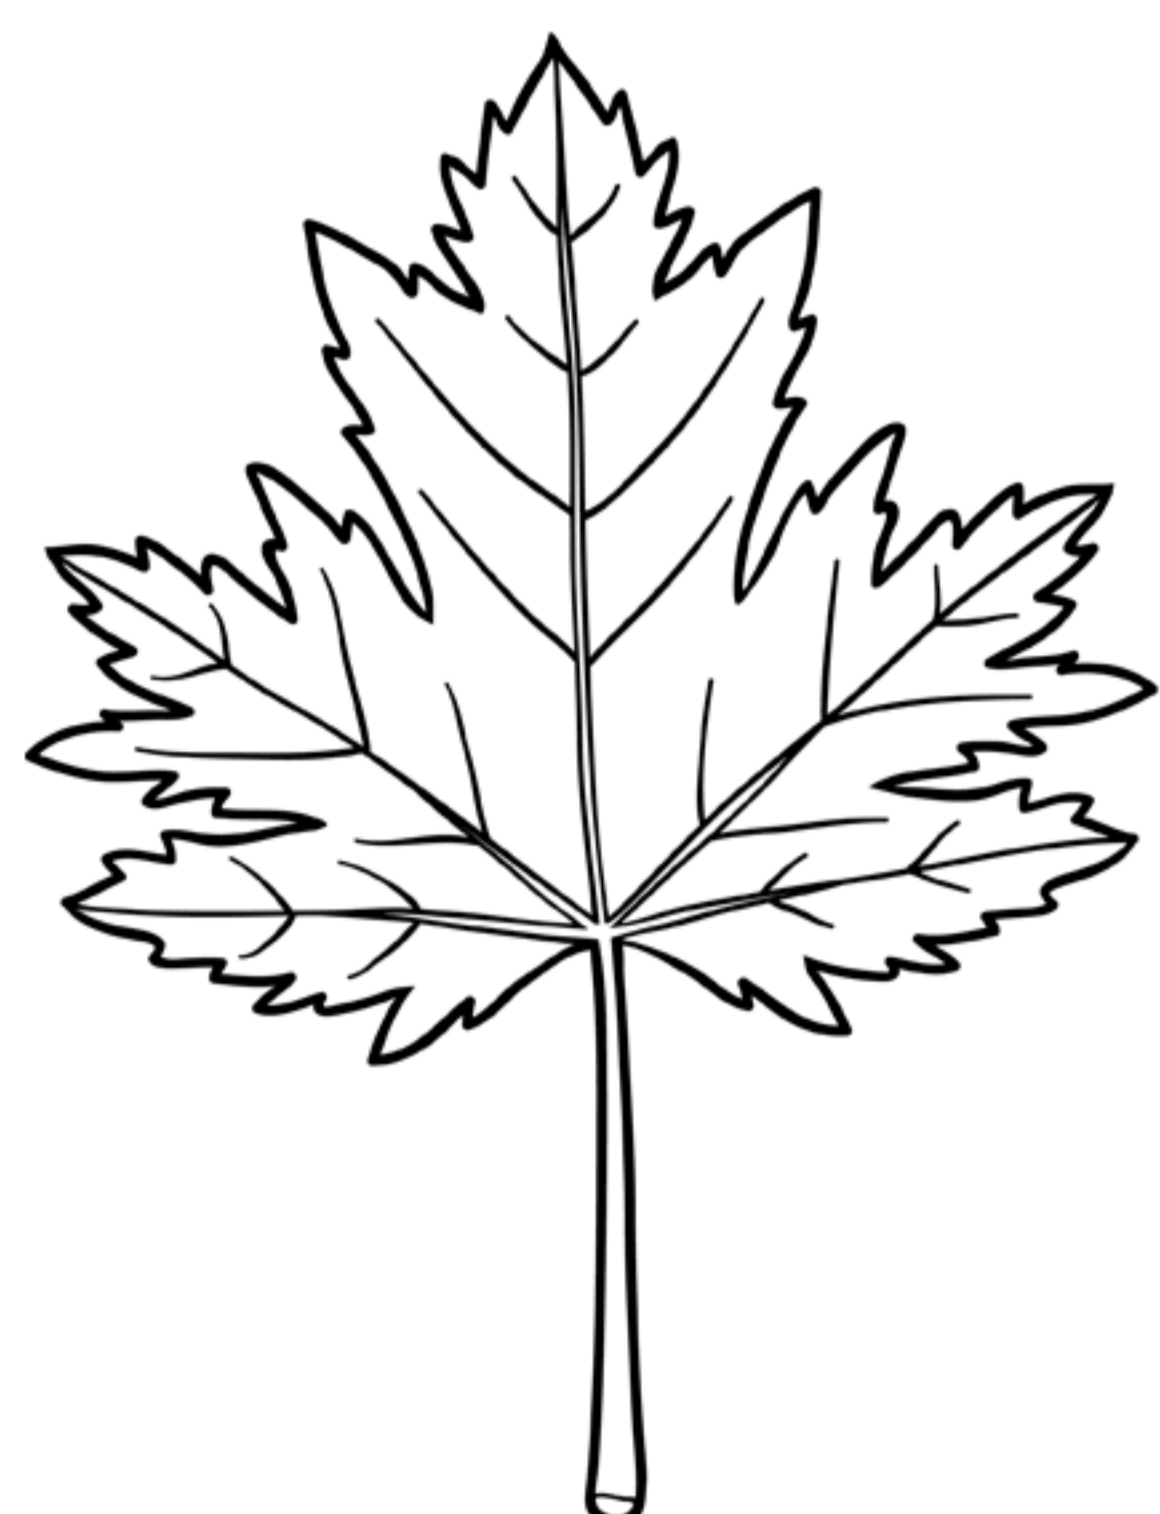

.....

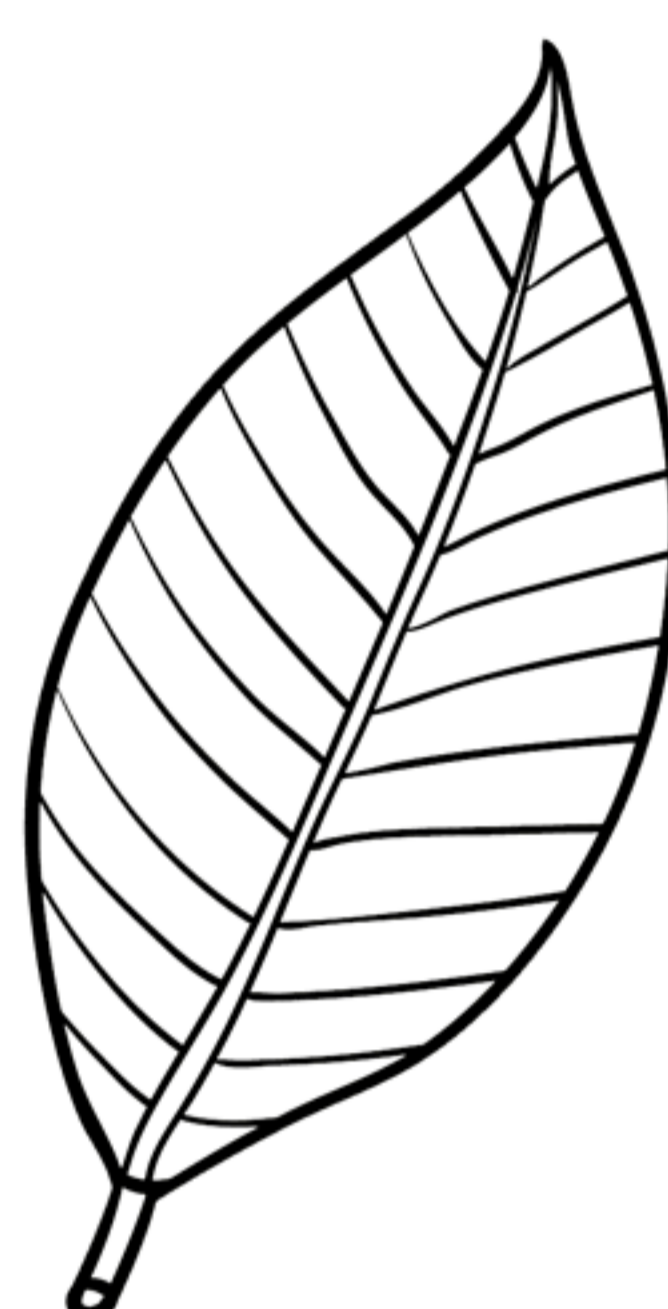

# LA CLASSIFICAZIONE DELLE FOGLIE

Le foglie si distinguono anche per il tipo di margine. Scrivi sotto ogni foglia il tipo di margine corretto:

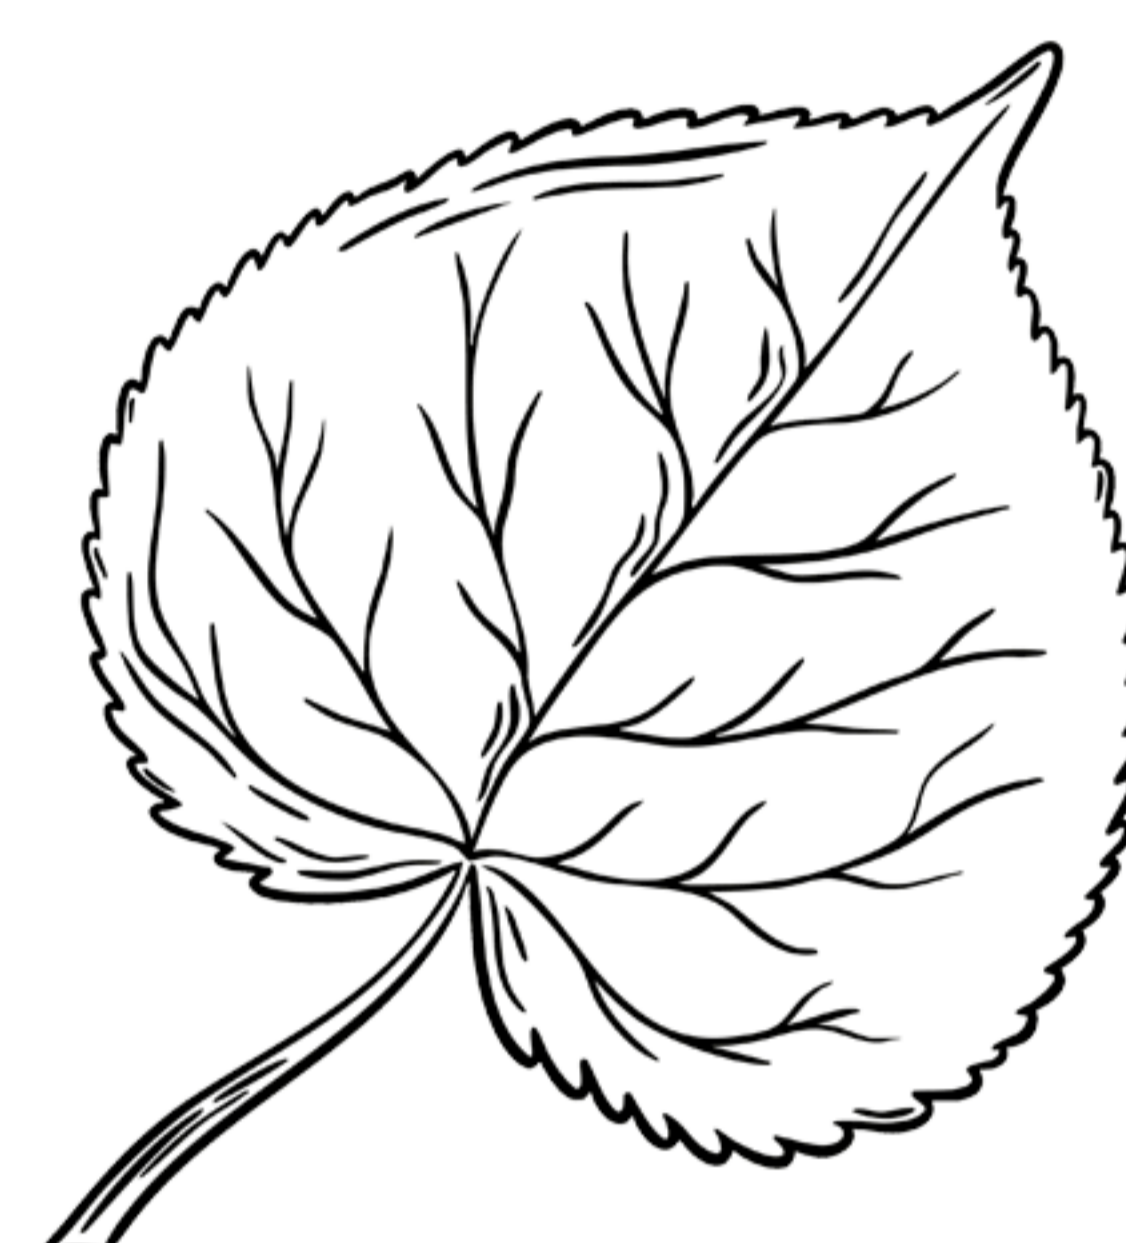

intero • lobato • seghettato • dentato • crenato

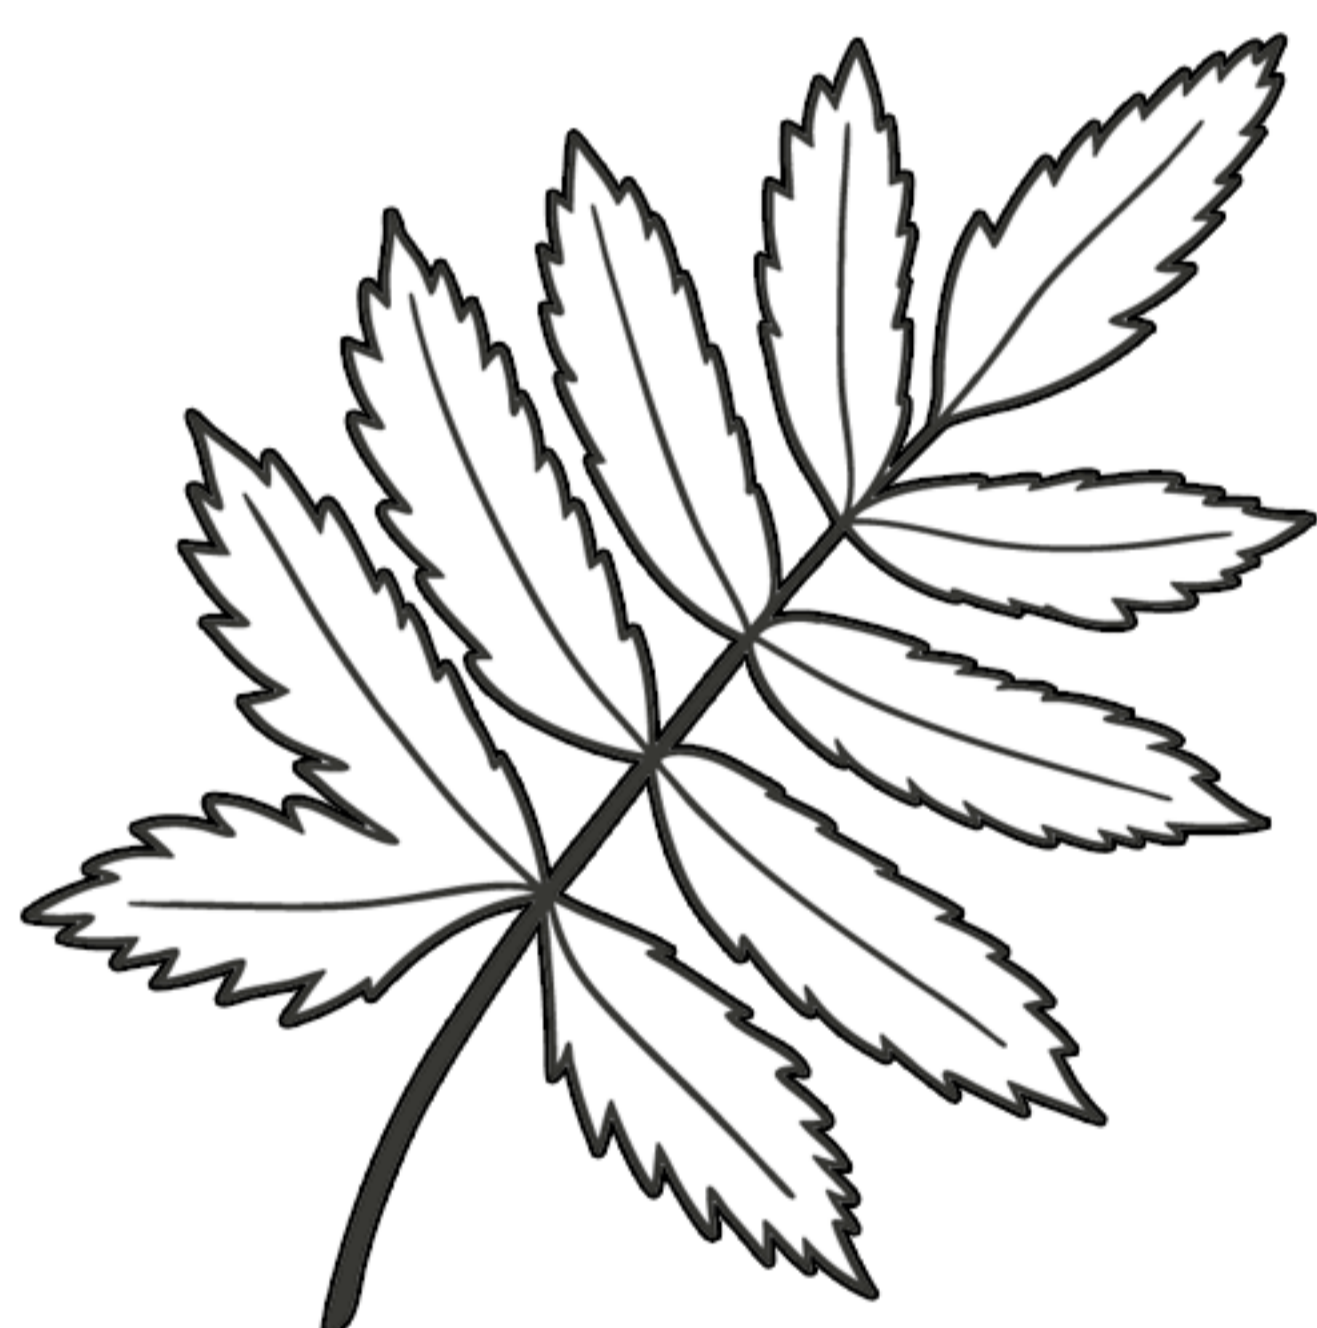

.....

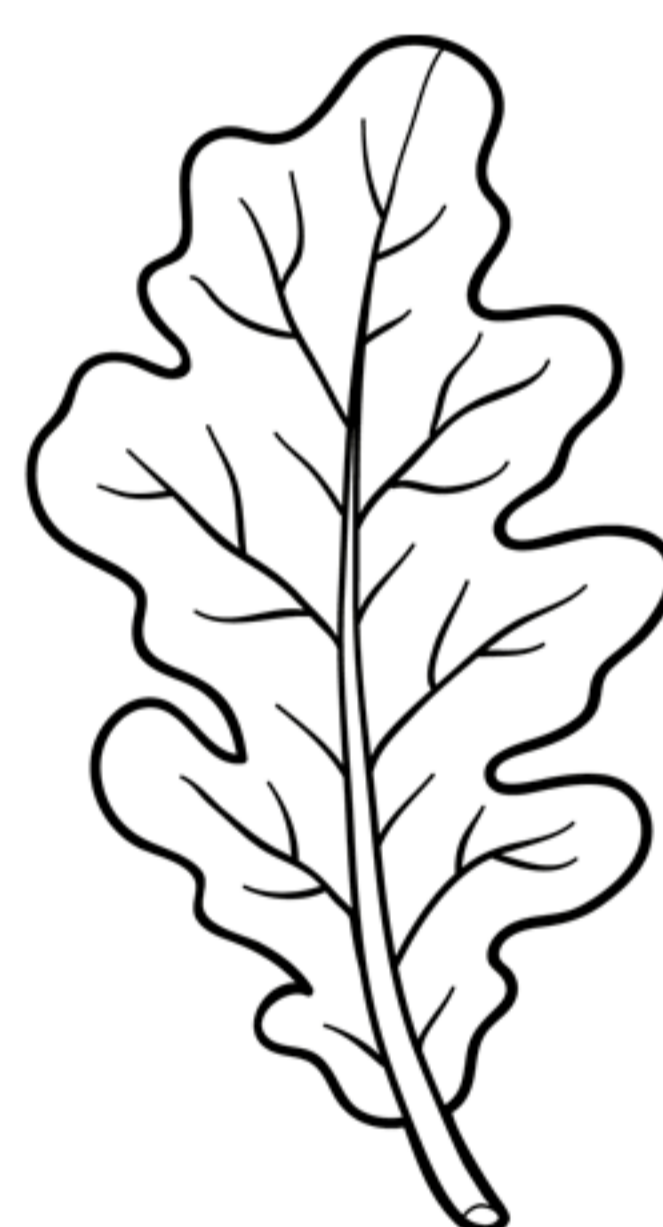

.....
