

# Cruciverba matematici

- Completa il cruciverba matematico con le addizioni.

The crossword puzzle grid contains the following mathematical equations:

- Top row:  $6 + \square = 7$
- Second row:  $\square + \square = 2$  (left),  $2 + \square = 6$  (right)
- Third row:  $\square + \square = \square$  (left),  $\square + 3 = \square$  (right)
- Fourth row:  $4 + \square = \square$  (left),  $\square + 2 = \square$  (right)
- Fifth row:  $\square + \square = 7$  (left),  $\square + \square = 9$  (right)
- Sixth row:  $\square + 7 = \square$  (left),  $\square + 5 = \square$  (right)
- Seventh row:  $5 + \square = \square$  (left),  $2 + \square = \square$  (right)
- Eighth row:  $1 + \square = \square$  (left),  $3 + \square = \square$  (right)
- Ninth row:  $\square + \square = 7$  (left),  $\square + \square = \square$  (right)
- Tenth row:  $\square + \square = \square$  (left),  $\square + \square = \square$  (right)
- Eleventh row:  $\square + \square = 8$  (left),  $\square + \square = \square$  (right)

A cartoon boy with glasses and books on his head is in the center of the grid.

# Cruciverba matematici

- Completa il cruciverba matematico con le addizioni.

A crossword puzzle grid with mathematical equations. The grid is composed of white squares for numbers and symbols, and empty squares for the answer. The equations are:

- 4 + 2 =
- + =
- + = 8
- + =
- 1 = 9
- =
- 2 + =
- + =
- + = 2
- =
- + = 9
- + =
- + = 7
- + = 6
- =
- + 7 =
- + =
- + = 2
- =
- =
- + = 8
